Access Kaltura Virtual Events

Content updated: 09/18/2026

This article is designated for all users.

About

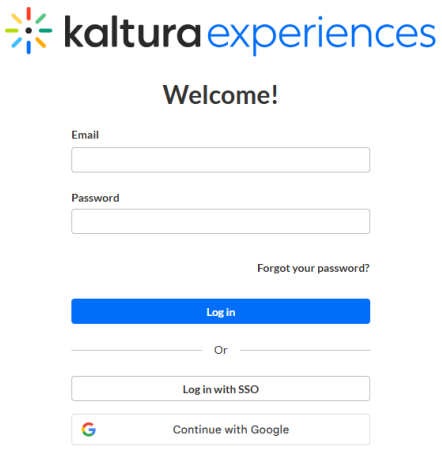
You can access Kaltura Virtual Events through the **Kaltura Experiences** platform.

You can log in to **Kaltura Experiences** using one of three methods:

- Email and password
- Single sign-on (SSO)
- Google

Email and password

1. Navigate to your Kaltura Experiences URL. The Login screen appears.



2. Type your email address in the **Email** field and your password in the **Password** field.
3. Click **Log In**.

   The Kaltura Experiences home page opens with the **Home** tab displayed by default.

Single sign-on (SSO)

Note: Authentication through your IdP is required before you may access Kaltura experiences. If you haven't authenticated before beginning the process of logging into Kaltura experiences, you will be asked to do so. Steps to complete the authentication may include entering a username and password, sending a "push" notification to obtain an authentication code, etc.

The information you are asked to provide during the login process depends on how your account is configured. See the following administrative articles regarding account configuration using Auth Broker:

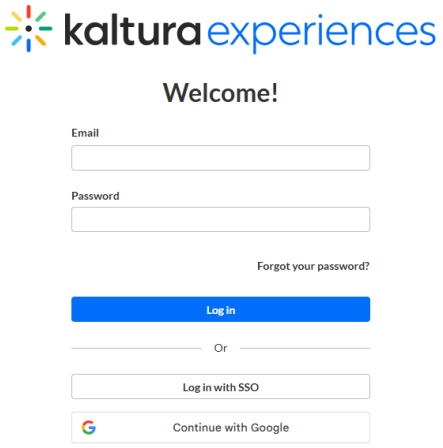
Create and manage SAML profiles

Subscribe Rich Media CMS and Event accounts to Auth Broker profiles

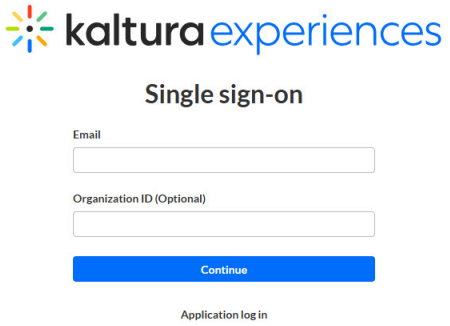
Auth Broker

1. Navigate to your Kaltura Experiences URL. The Login screen appears.

Copyright © 2025 Kaltura Inc. All Rights Reserved. Designated trademarks and brands are the property of their respective owners. Use of this document constitutes acceptance of the Kaltura Terms of Use and Privacy Policy.



2. Click **Log in with SSO**. The Single sign-on Login screen appears.



3. Type your work email in the **Email** field.
4. If you have been provided an Organization ID for login, type it in the **Organization ID (Optional)** field.

>
> Organization ID is only optional if your company does not require one for login. If you do not enter an Organization ID when your company requires one for login, you will be prompted to enter an Organization ID before proceeding with the login process.

5. Click **Continue**. If multiple authentication profiles exist on this account, the login screen expands to display an additional field called **Select authentication profile**.
