Find and watch media in KMS Go on Android

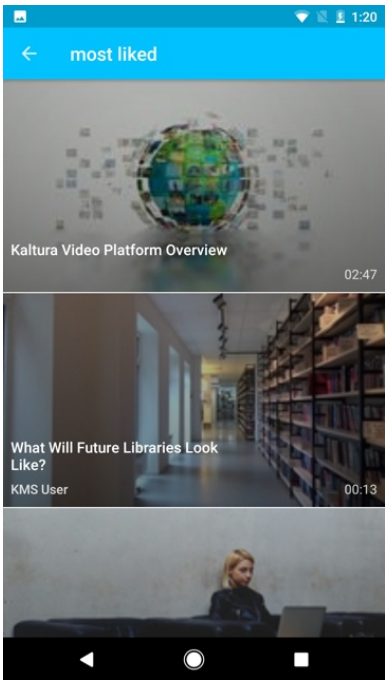
Content updated: 11/28/2026

About

KMS Go helps you find media to watch on your Android device, from galleries and channels to search and suggestions.

Discover media

Media discovery starts on the homepage. Swipe horizontally to browse a gallery, or select a gallery name to scroll vertically. The following image shows a media item in the vertical view.



In the vertical view, swipe horizontally to open these quick actions:

- Download
- Like
- Share

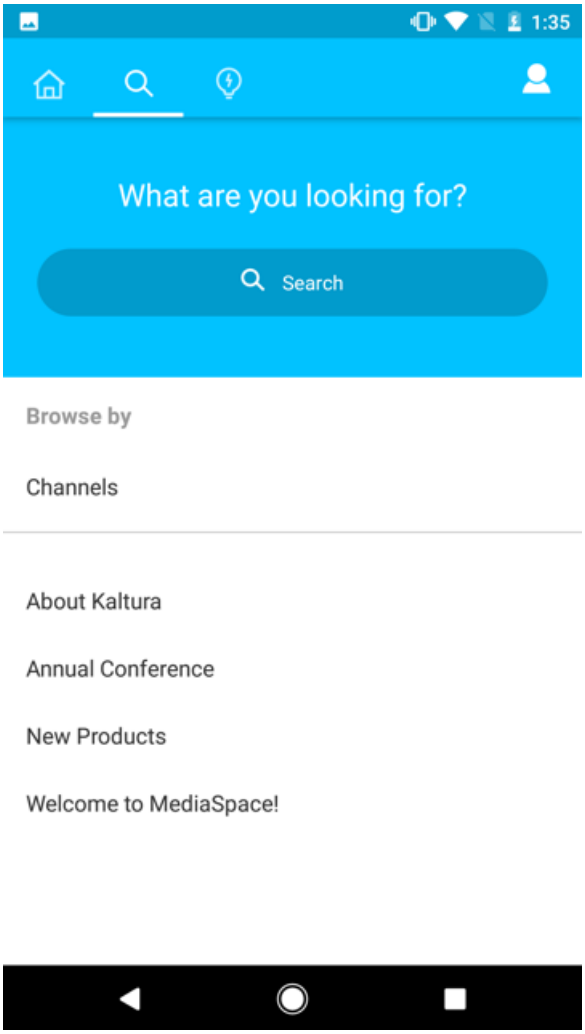
To save, share, or comment on media, see Save and share media in KMS Go on Android.

Search

KMS Go searches these with one keyword search:

Copyright © 2025 Kaltura Inc. All Rights Reserved. Designated trademarks and brands are the property of their respective owners. Use of this document constitutes acceptance of the Kaltura Terms of Use and Privacy Policy.

- Metadata
- Slides
- Captions
- Channels
- Categories



Search results

Search results appear in a magazine-style layout. The **Matches** section shows the media that fits your search best. Matching channels appear too.

Sort & Filter Page

You can sort results by:

- Likes
- Most recent
- Views
- Comments
- Alphabetical

You can choose which media types to include:

- All media
- Audio
- Images
- Video

You can also search inside the media itself:

- Slides
- Captions

To see why a media item appears in your results, select its thumbnail. Your keyword is highlighted in the related data, based on your filters.

Save a search

To save a search, select the star next to your keywords in the search window. To remove a saved search, select its blue star on the saved searches screen.

To open your saved searches:

1. Select the **magnifying glass** in the bar at the bottom of the screen.
2. Select the search box.

   The saved searches screen opens.

Browse media

Select the **magnifying glass** icon at the bottom of the screen. If you're logged in, you can also browse channels and categories on this screen.

For more information, see Galleries and channels - what are the differences?

Channels

Every channel in KMS Go has a channel page, which shows:

- All the media in the channel
- The number of channel members
- The number of channel subscribers

To open a channel page, select **Channels** on the browsing screen, or select a channel in your search results.

To see more about a channel, select the **information** icon at the top right of its page. You can see:

- Channel description
- Categories the channel appears in
- Channel managers

Media page

Every media item has its own media page, which shows:

- Media owner
- Publish date
- Number of views
- Description and tags
- Custom metadata
- Number of comments
- Number of likes

On this page, you can:

- Play the video
- Rotate your device for full screen view
- Download videos
- Add to Watch Later

Your administrator controls which of these are available to you.

View My History

If your administrator turns it on, **My History** on My Page shows the videos you watched while logged in, in the app or in a mobile browser. Changes to your history sync across all your devices.

1. Scroll to **My History**.
2. Select **More**.

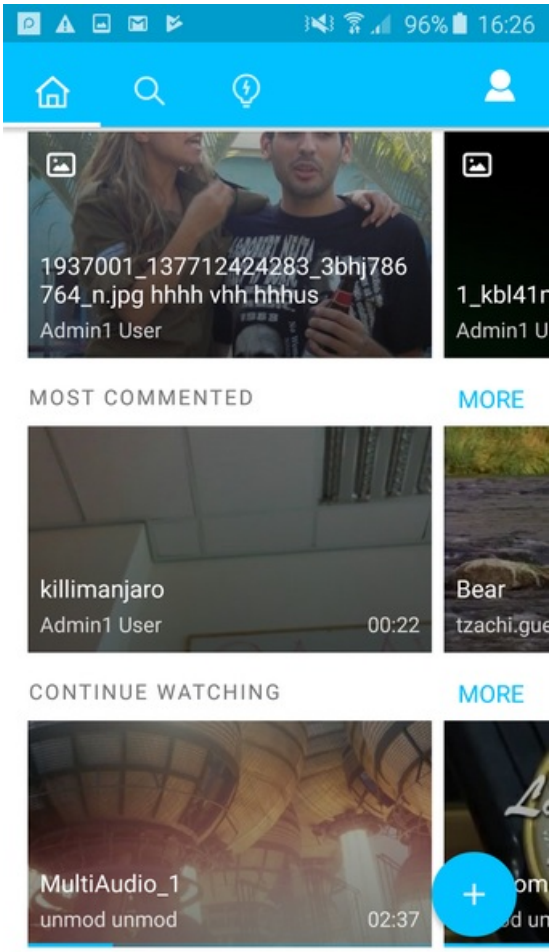
Continue watching

If your administrator turns it on, **Continue watching** on the homepage shows videos you partly watched while logged in, in the app or in a mobile browser.

1. Scroll to **Continue watching**.
2. Select **More**.

Copyright © 2025 Kaltura Inc. All Rights Reserved. Designated trademarks and brands are the property of their respective owners. Use of this document constitutes acceptance of the Kaltura Terms of Use and Privacy Policy.



The progress bar shows where you stopped. When you return, the video resumes from that point.

A video may restart if your administrator set an earlier point at which it counts as finished.
