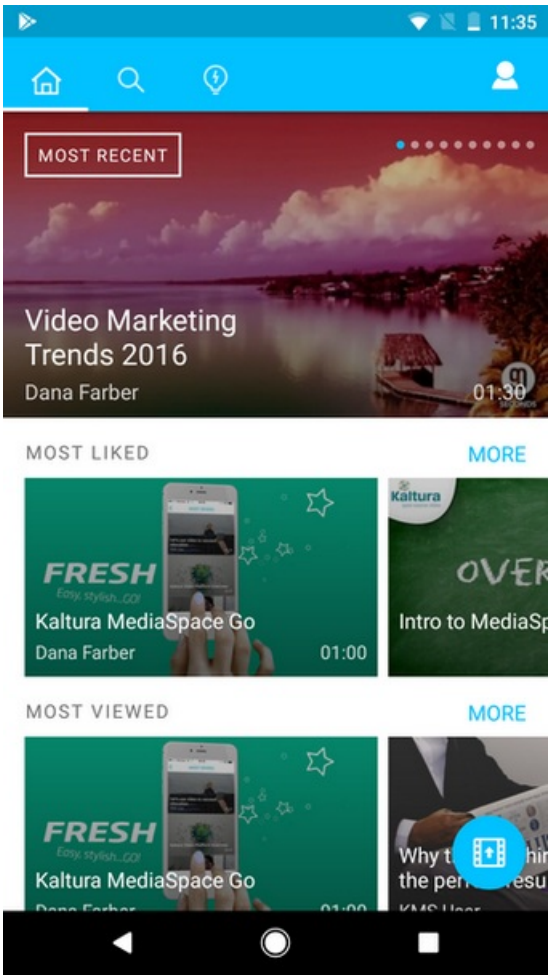
About

With **KMS Go**, you can create media on your Android device, upload it, edit its details, and publish it for others to watch.

Create and upload media

Use the **upload** icon at the bottom right of the homepage to add existing photos or record new media with your device's camera.



1. Select the **upload** icon. Depending on your configuration, you may need to log in.
2. Choose whether to upload from the device's photo gallery or to record with the camera.

5. (Optional) Drag one or both anchors to trim the video.
   A preview of the trimmed video appears. To cancel and return to the original, select **Back**. A trimmed video is saved automatically as a new file, and the original doesn't change.
6. Select **Next**.
7. Enter a title.
   You can change the title later. For more information, see Add and edit metadata.
