Download media in KMS Go on iOS

Content updated: 11/29/2026

This article is designated for all users.

About

With **KMS Go**, you can download media to your iPhone and manage your downloads.

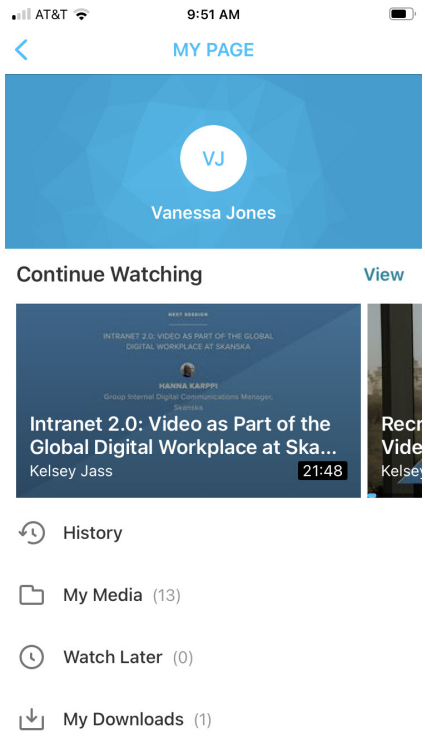
Download media

If your administrator allows it, you can download media.

Downloaded files stay in the app. You can play them only in the KMS Go player.

Open your downloads

1. Select the **My Page** icon.



2. Select **My Downloads**.
   Your downloaded media appears.

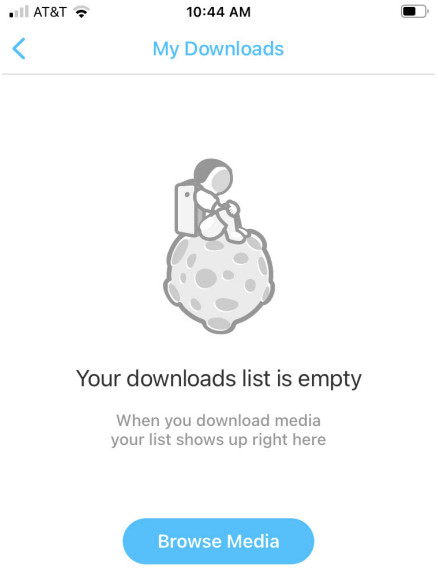
If you haven't downloaded any media, a message says the list is empty and offers to take you to the homepage.



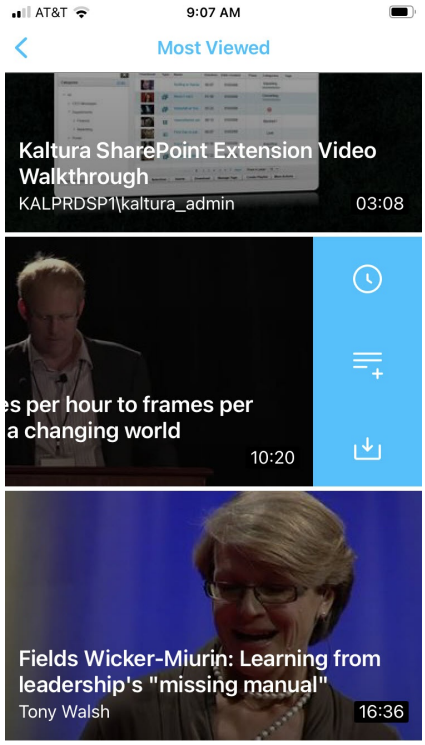
You can download media from a gallery or playlist, or from a media page.

Download from a gallery or playlist

Copyright © 2025 Kaltura Inc. All Rights Reserved. Designated trademarks and brands are the property of their respective owners. Use of this document constitutes acceptance of the Kaltura Terms of Use and Privacy Policy.

1. Select a gallery or playlist.
2. Swipe the media item to the left.

   The quick action icons appear to the right of the media.



3. Select the **Download media** (down arrow) icon.

   The download starts, and a circle with an **X** and a blue progress indicator appears.

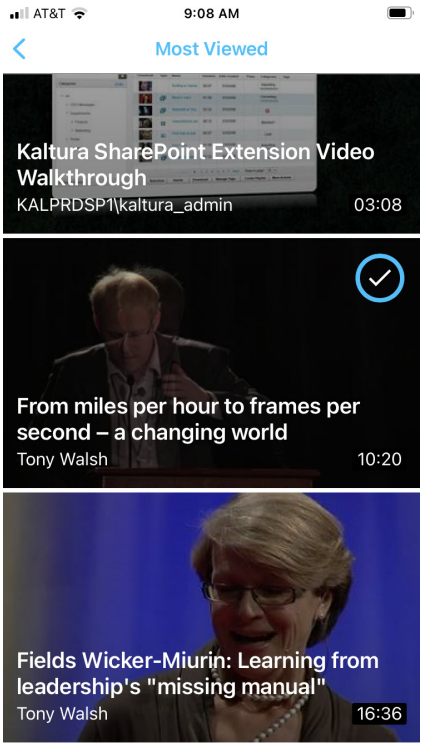
A circle with a checkmark appears when the download is complete.



To stop a download, select the **X**, and confirm. When a message says the item was deleted from your device, select **OK**.

Download from a media page

1. Go to My Media.
2. Select a media item.

   The media page opens.

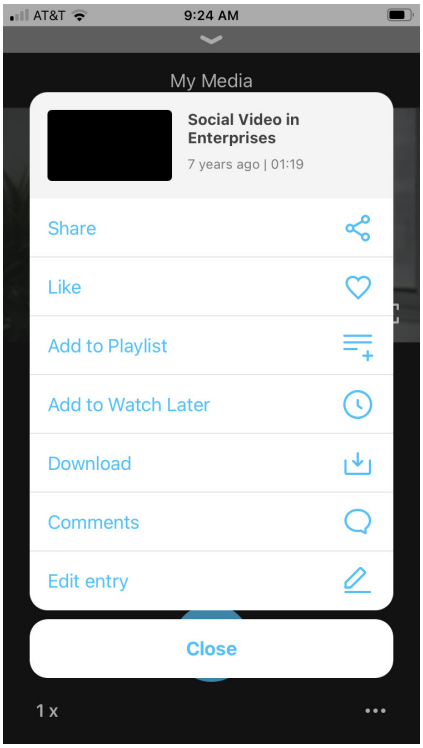
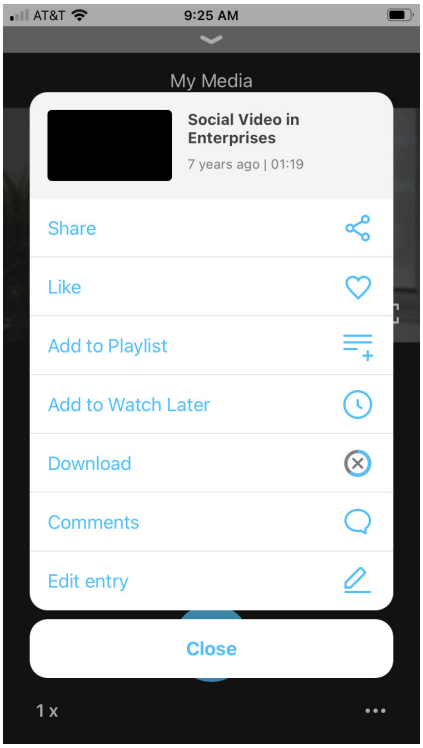
3. Select the **ellipsis** (**...**) in the lower right corner.
   More options appear.

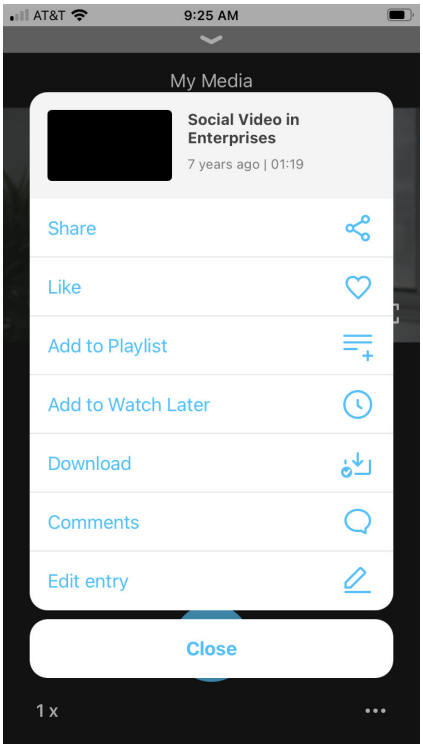


4. Select the **Download media** (down arrow) icon.
   The download starts, and a circle with an **X** and a blue progress indicator appears.

Copyright © 2025 Kaltura Inc. All Rights Reserved. Designated trademarks and brands are the property of their respective owners. Use of this document constitutes acceptance of the Kaltura Terms of Use and Privacy Policy.



A checkmark appears on the **Download media** icon when the download is complete.



To stop a download, select the **X**, and confirm. When a message says the item was deleted from your device, select **OK**.

Remove downloaded media

You can remove downloaded media from your device in four ways. In each case, select the **Download media** icon with a checkmark:

- In My Downloads, swipe the media item to the left, and select the icon.
- In My Media, swipe the media item to the left, and select the icon.
- On the media page, select the **ellipsis** (**...**), and then select the icon.
- In the Watch Later playlist, swipe the media item to the left, and select the icon.
