

How do you share your Kaltura Lecture Capture recordings in Kaltura MediaSpace or KAF?

Last Modified on 08/06/2020 4:16 pm IDT

Scheduled recordings can be set with publishing workflows in advance. Admins can determine to which LMS course or KMS channel to share the content after the recording is complete. For ad hoc recordings, users can view the content in their personal My Media and share it to their relevant courses or channels.
