Import Channels Feature Description

Last Modified on 02/01/2022 1:40 pm IST

Channel/Media Gallery Managers have the ability to import content from other Channels/Media Galleries they manage.

⊞ To import content from other Channels/Media Galleries that you manage:

1. Enter the Media Gallery or Channel.
   When a Channel/Media Gallery Manager enters an empty Channel/Media Gallery, the following message is displayed:

   Select **Click here** on the message link to import content from another media gallery you manage.

2. The importing process can also be initiated from the Actions drop-down menu.

3. Choose a Channel/Media Gallery to import content from. The list includes all Channels/Media Galleries the user manages that have content.

4. Click the selected Channel/Media Gallery and select Import.
   After the import is complete you will be required to refresh the page to view the imported content.

> **NOTE:** The Channel Import feature supports the ability to import playlists, only if there are 10 or less playlists in the channel.

For the Admin

KMS/KAF admins can enable the Channel/Media Gallery Import feature in the Importchannel (https://knowledge.kaltura.com/help/importchannel) module.
