

Playlist

This article is designated for all users.

Overview

The Playlist Plugin offers viewers to watch a collection of videos one by one. For more information, please see [What is a playlist?](#)

Setup

To learn how to set the **Playlist** plugin on the player, see [The Kaltura Player Studio Admin Guide - Top & Bottom Bar Settings](#).

Features

- The first item in the playlist is displayed in the large player on left. (If the playlist was set to auto-play, the first item in the playlist starts playing automatically as soon as you visit the Playlist Playback page.)
- The playlist name, total videos, duration, and the list of items in the playlist displays on right.
- List of entries with metadata for title, type, duration, poster.
- User can click on the play prev/next/item.
- Playlist layout can be horizontal (sidebar items on the bottom) or vertical (sidebar items on the right).
