

Logging in

After you are added as a user to a Kaltura Events account, you may use your appropriate credentials to login.

1. Access the Kaltura Events URL. The Login screen displays.
2. Type your Email and Password or Click Login SSO and enter your work email to log in using your company's SSO provider.
3. Click **Log In**. The All events page displays with the Events tab open by default.

See additional information on advanced features - [Two Factor Authentication](#) and [Switching Accounts](#).
