👥 **This article is designated for all users.**

About

Playlists help you organize and highlight content on your channel. Create themed collections like "Lesson Plan," "Campaign Highlights," or "Leaderboard" using videos from My Media or your channel. Each playlist appears in its own Playlists tab.

> ⚠️ Existing playlists may not be added to a channel playlist.

> ℹ️ Kaltura Video Quizzes can only be added to a playlist in applications where the main playlist player is set to a **v7 player**.
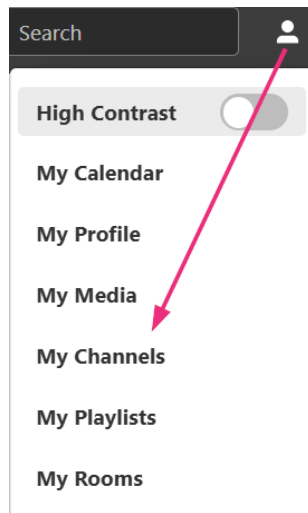

Watch the video below for quick and easy steps, or following the instructions below.

> ℹ️ The Channelplaylists module must be enabled.

Access the create playlist page
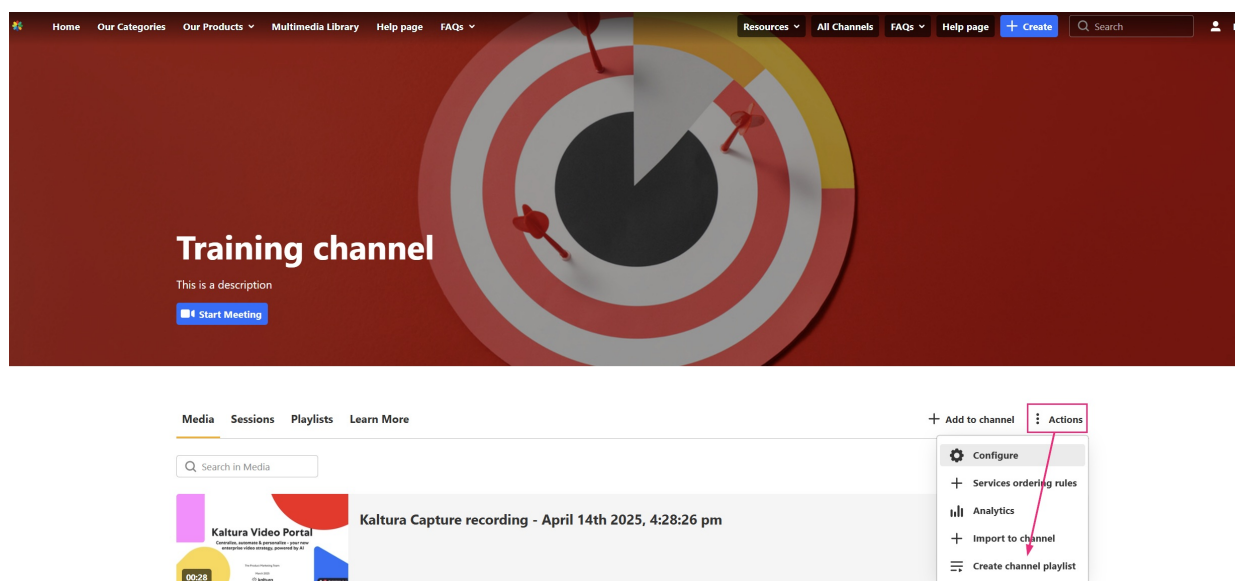

1. From the user menu, select **My Channels**.

2. On the **My Channels** page, locate the channel you want to add a playlist to and click **Go to channel.**

3. Click **Actions** at the far right and select **Create a channel playlist** from the menu.

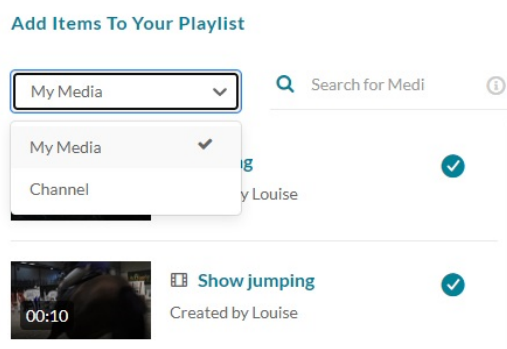

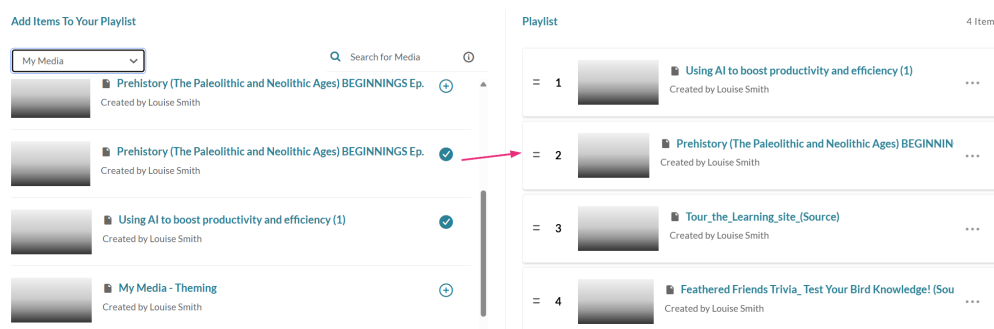

The Create Playlist page displays.

Add items to your playlist

1. From the drop-down, select **My Media** or **Channel** ('Channel' shows media that is already in the channel). You can also use the search field to find content.

2. Click the **+** button(s) next to the items you want to add to your playlist.
   Items selected display a check mark. If you change your mind, just click the check mark to remove the item.

3. Click **Go to Channel.**

Create Playlist   Cancel   **Go to Channel**
