News Images playlist

> 👥 **This article is designated for all users.**

News Images are a great component for your [homepage](#) or any MediaSpace template page. This interactive element showcases a playlist of images with accompanying text, allowing users to access full articles by clicking on each item.
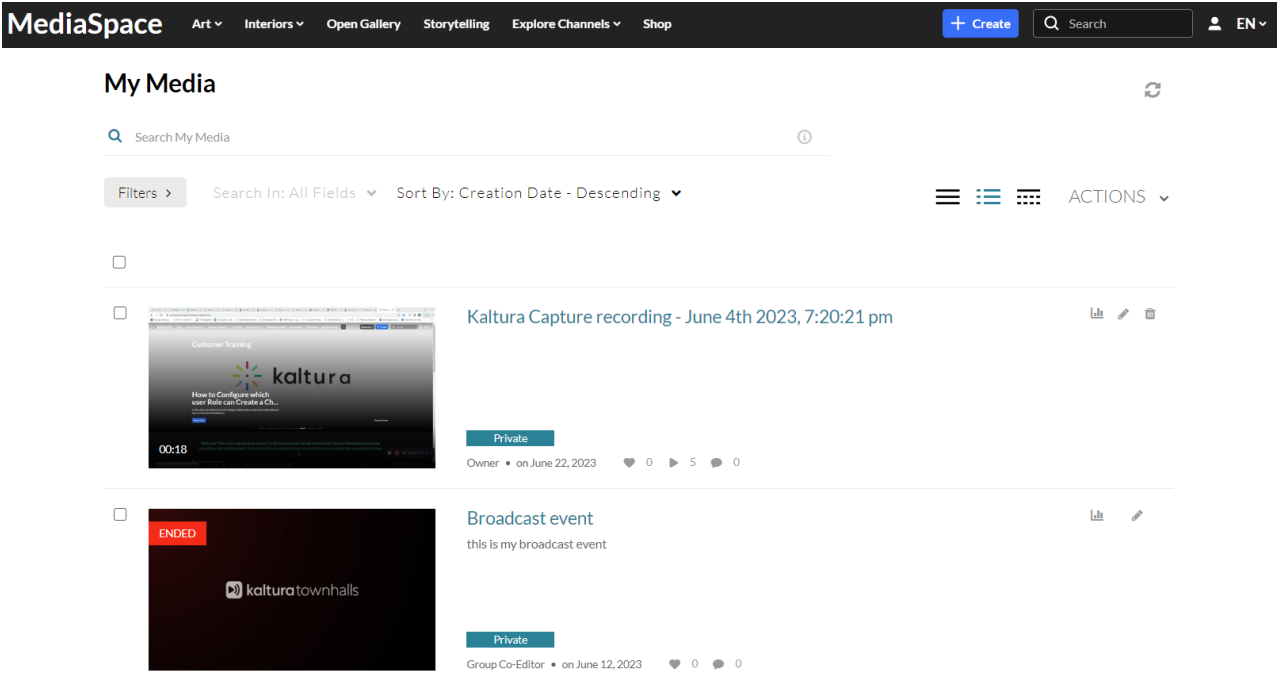

Ready to create a news image playlist? Let's go!

> ⚠️ The following instructions depend on having the Theming module enabled.

## Prepare your News Images

1. Select **My Media** from the user menu 👤 .

The **My Media** page displays.

2. Find the entry you want for your News Item, and then click the pencil icon next to it.

> ✅ Image sizes should be 760x920 (png or jpg).

> 💡 News Items are usually created from images. If you choose a video, a still from the video will be used.

The edit page opens.
