

End to end user guide for attendees

This article describes the Kaltura Events experience for the attendee.

 Depending on how the event was configured, attendees are required to login to the event in one of two ways - with an email and password OR with a login link via email (AKA "Magic Link"). This article describes both scenarios.

Access the event site with an email and password

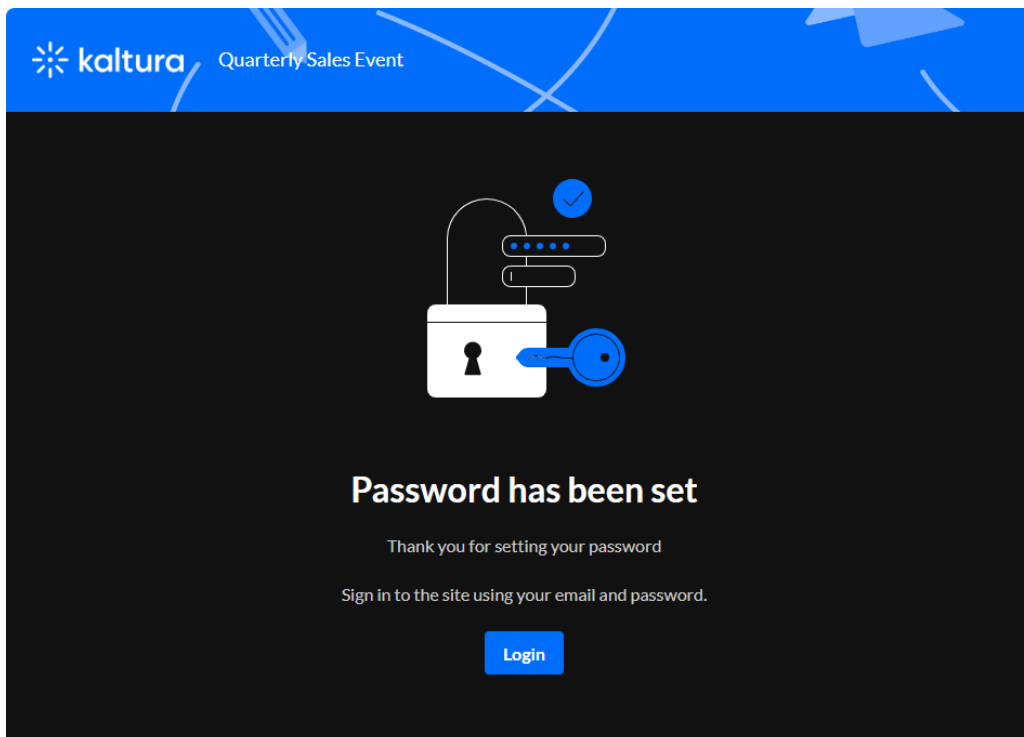

1. If you are invited to an event with email and password, you receive an email prompting you to create a password.

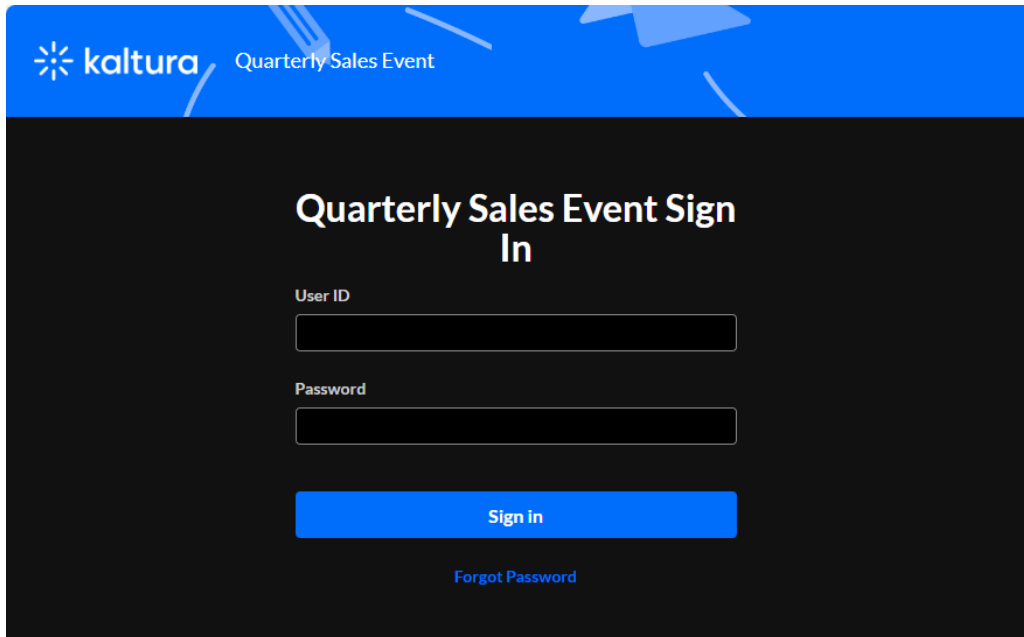

2. Click **Set me up**. The Set Password screen displays.

3. Type a password in the Password field to meet password requirements.
4. Type the password again in the Repeat Password field.
5. Click **Set Password**. You receive notification that the password has been set and you are prompted to sign into the site using your email and password.

6. Click **Login**. The Login screen displays.

The image shows a sign-in page for the 'Quarterly Sales Event'. At the top, there is a blue header with the Kaltura logo and the text 'Quarterly Sales Event'. Below the header, the main content area has a dark background. The title 'Quarterly Sales Event Sign In' is centered in white. There are two input fields: 'User ID' and 'Password', both with white borders. Below the password field is a blue 'Sign in' button. At the bottom, there is a link that says 'Forgot Password' in a smaller, lighter blue font.

7. Type your User ID (email address) in the User ID field.
8. Type your password in the Password field.
9. Click **Sign In**. You are redirected to the event site.

10. If registration has been published, the **Register** button displays on the event site. Click **Register**. The Registration page displays.
