

People tab > Moderators - Invite moderators to your event

The Moderators page allows you to invite moderators to your event, view a full list of moderators for your upcoming event (including name, email, role, creation date), and monitor their progress through the registration process.

 You may also invite moderators to your event via the All users page.

This article describes how to:

- Invite moderators to your event via email
- Add moderators to the event *without sending them an invitation email*. (Only available if the event manager chose for attendees to enter the event via a login link. Please see [Login link](#) for more information.)
- View a list of moderators for an upcoming event and monitor their progress through the registration process

Invite moderators to your event

1. Navigate to the Moderators page; from the Event page, click the People tab > Moderators.

The screenshot shows the Kaltura event management interface for an event titled "Sales Kick-off 2023". On the left sidebar, the "People" tab is selected, and the "Moderators" sub-tab is highlighted with a red circle. The main content area displays the "Overview" section for the event, which includes the event title, dates (18/9/23 3:00 PM to 18/9/23 4:00 PM), and location (America/New_York). Below the overview, there are two sections: "Agenda at a glance" and "Speakers". The "Agenda at a glance" section shows a single session titled "Sales Kick-off 2023" with a status of "Published". The "Speakers" section shows a placeholder for a speaker with the text "No speakers yet".

The Moderators page displays.
