

## Entries tab in KMC

Last Modified on 05/27/2025 2:34 pm IDT

 This article is designated for administrators.

### About

A Kaltura entry is the file that is created when you upload media to the Kaltura Management Console aka KMC. The entry includes flavors, thumbnails, standard and custom metadata, captions, scheduling settings, advertising cue points, specific access control settings, and all other components relating to the content.

### Access the Entries tab

To access the **Entries tab**, simply log into your Kaltura Management Console.

The Entries tab displays as the first page by default. At the top of the page, you can see the number of entries that you have in your entire account.

The Entries page displays up to **10,000** entries due to a pagination limit. The number of pages shown depends on the **Show Rows** setting:

119 Entries									
<input type="checkbox"/>	Thumbnail	Name	ID	Type	Created On	Duration	Plays	Status	
<input type="checkbox"/>		Embracing Diversity: Making Events Accessible for All	0_36eb3pwn		09/15/2024 04:21	01:35	0	Ready	<a href="#">Create with AI</a> ...
<input type="checkbox"/>		Unlocking scientific discovery with collaboration	0_jie5yp36		12/17/2024 05:35	05:15	0	Ready	<a href="#">Create with AI</a> ...
<input type="checkbox"/>		Stories Of Impact In Health Equity	0_xymskq9n		12/17/2024 05:35	29:34	0	Ready	<a href="#">Create with AI</a> ...
<input type="checkbox"/>		Chen final	0_4iejpz7k		12/18/2024 06:11	00:00	0	Ready	<a href="#">Create with AI</a> ...
<input type="checkbox"/>		Accessibility in Virtual Events	0_jgcalgxp		12/17/2024 06:55	23:50	0	Ready	<a href="#">Create with AI</a> ...
<input type="checkbox"/>		The Core of Value-Based Healthcare	0_26ilm9om		12/17/2024 06:49	00:37	0	Ready	<a href="#">Create with AI</a> ...

To manage larger datasets, use the date filter to narrow down results into smaller segments of 10,000 entries or fewer. Adjust the filter to a different time range to view additional entries in manageable subsets.

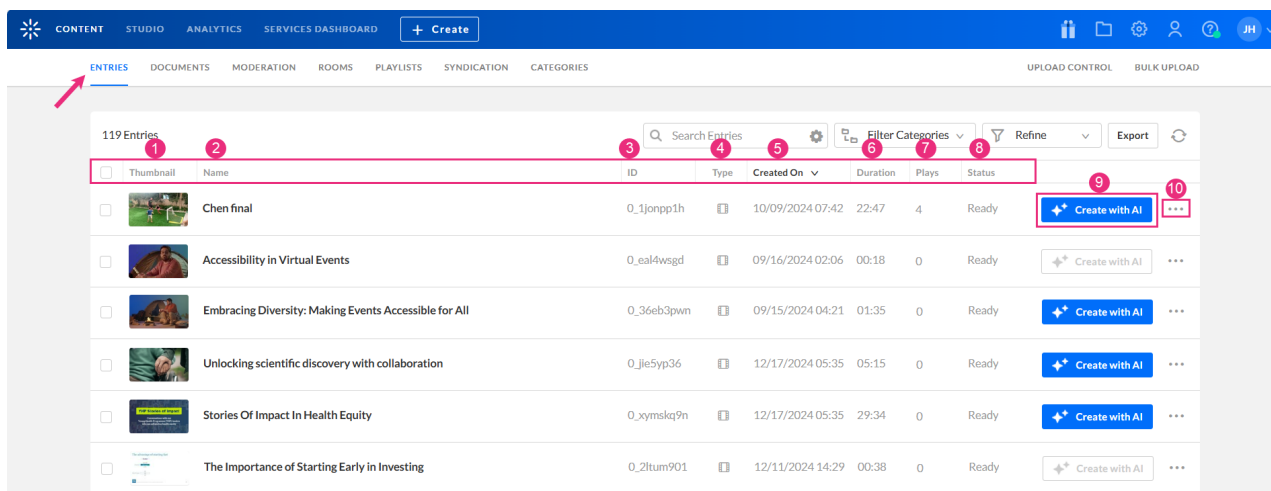

The Entries tab lists the entries in your account and provides a way to edit the entry's specific metadata and settings. You can perform several actions on a specific entry or

several entries simultaneously. You can search through entries, delete entries, share entries, as well as other actions.

The number of entries listed are **parent** entries (for example, videos, playlists). However, the total number of entries in your account also includes hidden child entries (for example, flavors, source VODs).

## The Entries table

The screenshot shows the Kaltura interface with the 'ENTRIES' tab selected. The table displays 119 entries. The columns are: Thumbnail, Name, ID, Type, Created On, Duration, Plays, and Status. The first entry is 'Chen final' with ID '0\_1jonpp1h', Type 'Video', Created On '10/09/2024 07:42', Duration '22:47', Plays '4', and Status 'Ready'. The table also includes a 'Create with AI' button and a menu icon for each entry.

Thumbnail	Name	ID	Type	Created On	Duration	Plays	Status
	Chen final	0_1jonpp1h	Video	10/09/2024 07:42	22:47	4	Ready
	Accessibility in Virtual Events	0_ea14wsgd	Video	09/16/2024 02:06	00:18	0	Ready
	Embracing Diversity: Making Events Accessible for All	0_36eb3pwn	Video	09/15/2024 04:21	01:35	0	Ready
	Unlocking scientific discovery with collaboration	0_jie5yp36	Video	12/17/2024 05:35	05:15	0	Ready
	Stories Of Impact In Health Equity	0_xymskq9n	Video	12/17/2024 05:35	29:34	0	Ready
	The Importance of Starting Early in Investing	0_2ltum901	Video	12/11/2024 14:29	00:38	0	Ready

The Entries table shows the following information for each entry:

- **Thumbnail (1)** - the image that acts as the preview image for your video
- **Name (2)** - Name of the entry that the media item had, or was given, when it was uploaded
- **ID (3)** - the Kaltura identification given to the entry
- **Type (4)** - the type of media: video, image, live stream, audio
- **Created On (5)** - the creation date and time
- **Duration (6)** - the length in time of the media
- **Plays (7)** - indicates the number of plays for the entry
- **Status (8)** - the upload status for the entry which can be one of the following:
  - Ready - media has finished uploading and is ready to view
  - No Media - the entry is set as a draft entry (see our article [Create a draft entry](#)) or a file was not ingested properly
  - Pending - media is in the uploading queue and pending ingestion
  - Uploading - media is in the process of being uploaded
  - Converting - media is converting for optimal playback, and can't be previewed or

published yet

- Error - media is not in a valid format and cannot be ingested.
- **'Create with AI' button (9)** - Enrich and repurpose your content into engaging, snackable experiences with Kaltura's AI-powered post-production assistant. Click to access [Content Lab](#) functionality. This button will be active and enabled only on applicable entries. If you click the **Create with AI** button on an entry with no captions, you can easily navigate and order captions with a click of a button. See [Create highlight clips with AI](#), [Create quizzes with AI](#), [Create a summary and chapters with AI](#), and [Enrich metadata with AI](#) for more information.
- **Three dots menu (10)** - This menu gives you the following options:
  - Share and Embed - Share and embed videos. See our article [Share and Embed media](#) for more information.
  - View Details - This allows you to see all metadata for the selected video.
  - Real-time Analytics - This opens the Real-time analytics dashboard for Kaltura Live entries. See our article [Real-time Analytics dashboard](#) for more information
  - Captions & Enrich - Order captions and/or enrichment services. See our article [Using Subtitles and captions](#) for more information.
  - Delete - Delete media. See our article [Delete entries in KMC](#) for more information.

The options that appear in the three dots menu depend on the entries you have, for example, if you don't have any live entries, you won't see a Real-time analytics option in the menu.

YouTube entries are visible in the entries list and are indicated with a white YouTube arrow on the media thumbnail.

Quiz entries are visible in the entries list and are indicated with the quiz icon (white cube).

Columns that contain an arrow are sortable.

## Entries report

You can export an entries report as a CSV file to your email address. Click **Export** to export the file.

Please notice that the CSV download link sent via email is available only for 24 hours.

 Filter Categories ▼

**Export** 

The following fields are included in the entries report:

- Entry ID
- Name
- Media Type
- Created On
- Last Update - this includes metadata updates and publishing updates
- Duration
- Plays
- Status
- Owner

The entries report is created based on any filters you applied to the data. To learn more about filtering your media, see our article [Search and filter](#).

Next up, refer to the [Entry details page](#) and [More Actions menu](#) to learn more.
