To change where the watermark is displayed in a player

1. In the KMC, select the **Studio** tab.
2. Highlight a player and select **Edit** from the Actions menu, or select a new player.
3. In the Edit Player or Create New Player window, select the Features tab.
4. On the Controls menu, check **Your Watermark** and then click **Options**.
5. Under Watermark location on the video, select a location (for example, Top Left).
6. In the Preview area, click the **Preview** button to see the changes.
7. On the Your Watermark pane, click **Apply** to confirm your choice and return to the Features list.
8. Click **Save Changes**.
