The screenshot shows the 'Edit Player - New Player 0312' window. On the left, the 'Features' tab is selected. Under 'Share Button', the 'Video Area' is checked with 'Before play', 'When paused', and 'End play' options. The 'Controls Area' is also checked, with 'Display in controls area as:' set to 'Icon'. The 'Label' field contains 'Share Now' and the 'Tooltip' field contains 'share with friends'. The 'Syndicated Player ID' field is empty. The 'Preview' section on the right shows a video player with the 'Share Now' button and tooltip. Below the preview, a list of 'Kaltura Logo' assets is shown with a duration of 00:04 for each. The 'Save Changes' button is at the bottom right.
