About

This article describes how to search and filter through playlists in KMS.

Search

1. Access the [My Playlists Page](#).
2. To search through playlists in your account, type the search criteria in the Search field. You can search for any word in the playlist name, tags or both. In the following example, the word "space" was searched for.
3. Click Enter. All the playlists containing the word "space" are displayed.

The screenshot shows the 'My Playlists' interface. At the top, there is a search bar with the text 'Space' and a search icon. Below the search bar, there are options for 'Filters' and 'Sort by: Most Recent'. A '+ Create Playlist' button is visible on the right. The search results are displayed as a list of two playlists:

- Space The Final Frontier**: Private • Updated 3 weeks ago. Description: You might remember the Dell computer commercials in which a youth reports this exciting news to his friends that they are about to get their new computer by telling them.
- Space: Look Up In The Sky**: Published • Updated 4 weeks ago. Description: Many people were hoping that if the Democrats won control of Congress they would reverse the online gambling ban, but experts doubt they will even try. Below the description are two buttons: 'Program' and 'Playlist'.

Filter

1. Access the [My Playlists Page](#).
2. Click Filters. The Filter options are displayed.
