 This article is designated for all users.

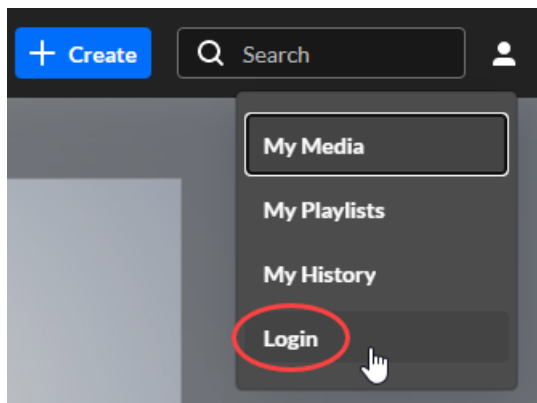

About

This article explains how to log into your [Content Hub](#).

 This feature requires the [Login module](#) to be enabled.

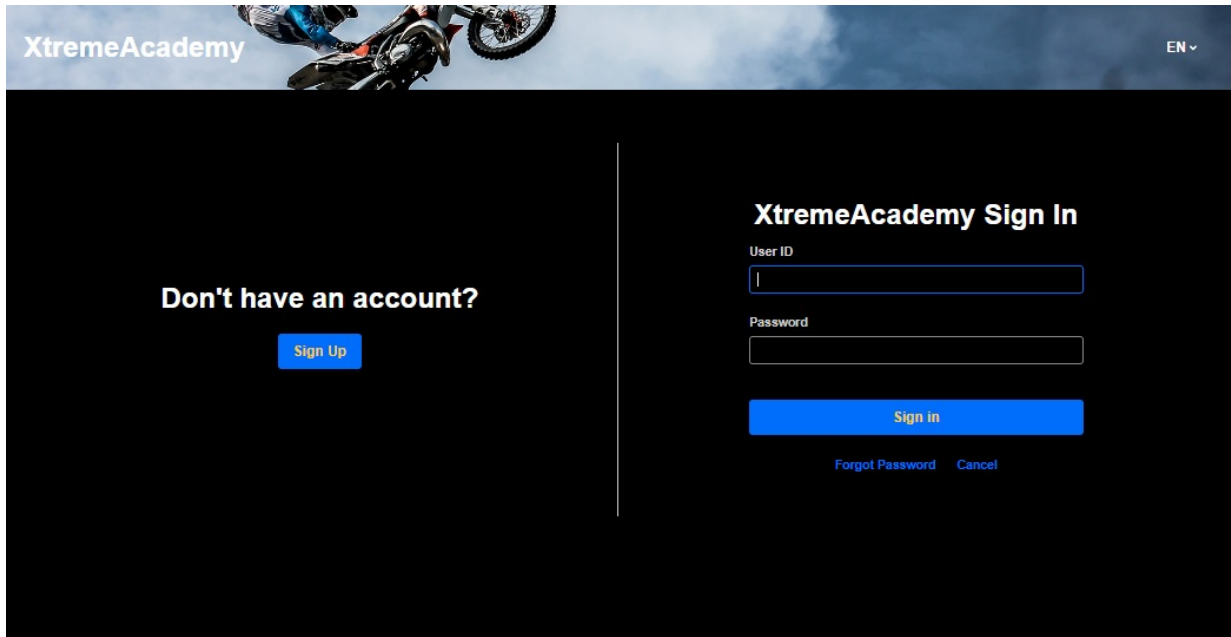

Log in

1. On the homepage, select **Login** from the guest user menu.

 If you try to access menu options such as My Media or My Playlists before signing in, you are prompted to log in.

The login page opens.

2. Enter your username and password.
3. If you forgot your password, select **Forgot Password** to request password assistance through your email application.
4. Click **Sign In**.

If your administrator configured your site to allow multiple authentication providers, the login prompt will display with several choices for you to login.
