The media page in Content Hubs

Content updated: 08/20/2019

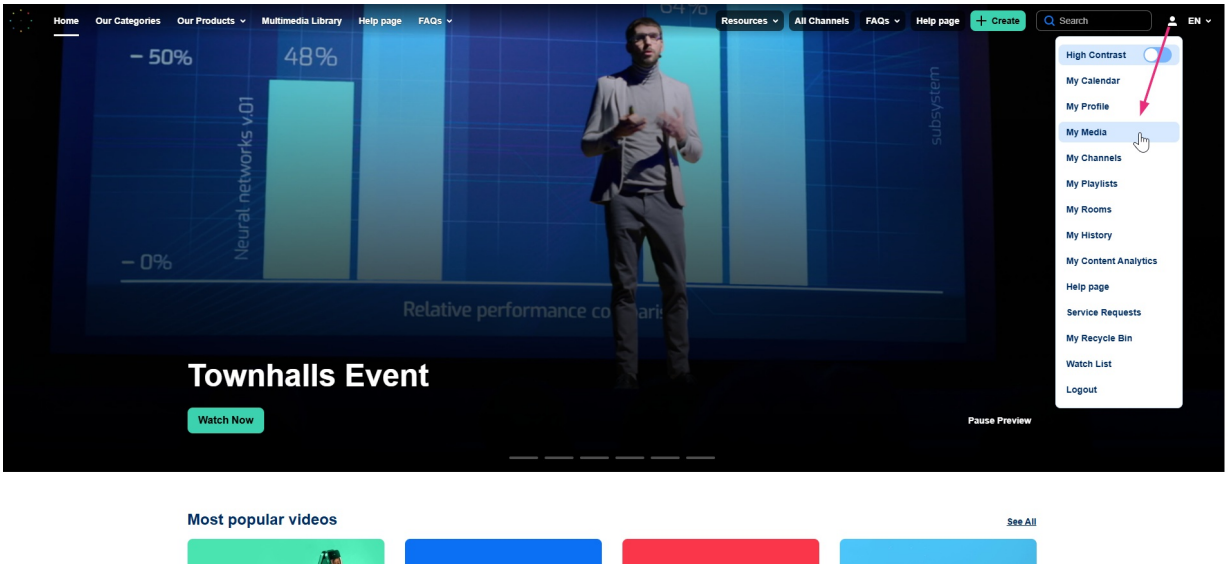

This article is designated for all users.

About

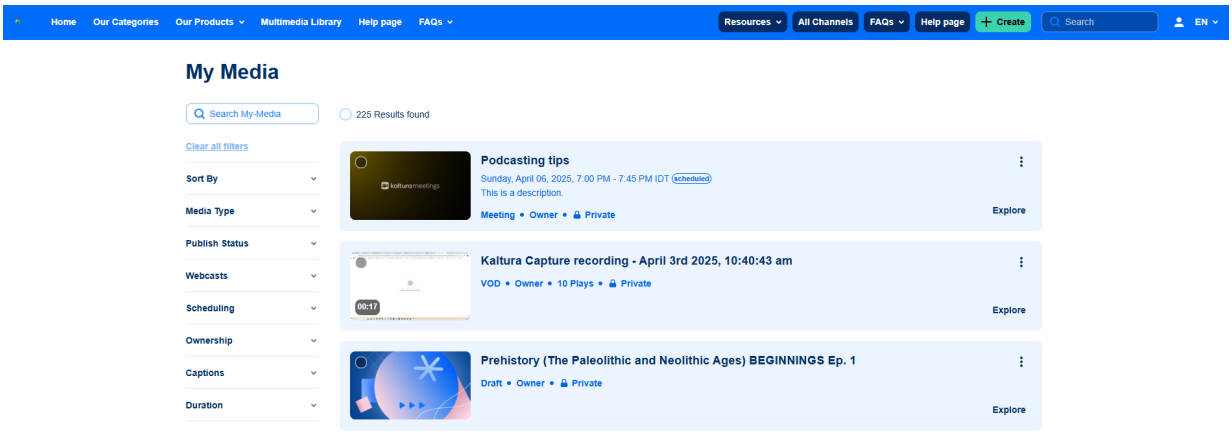

Kaltura's media page is designed to make your videos the main focus. With a clean, intuitive layout, it’s so easy to find and enjoy content.

Access the media page

1. From your user menu, select **My Media**.

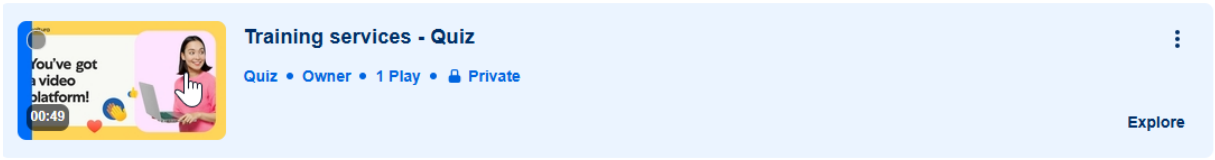

2. The 'My Media' page displays.

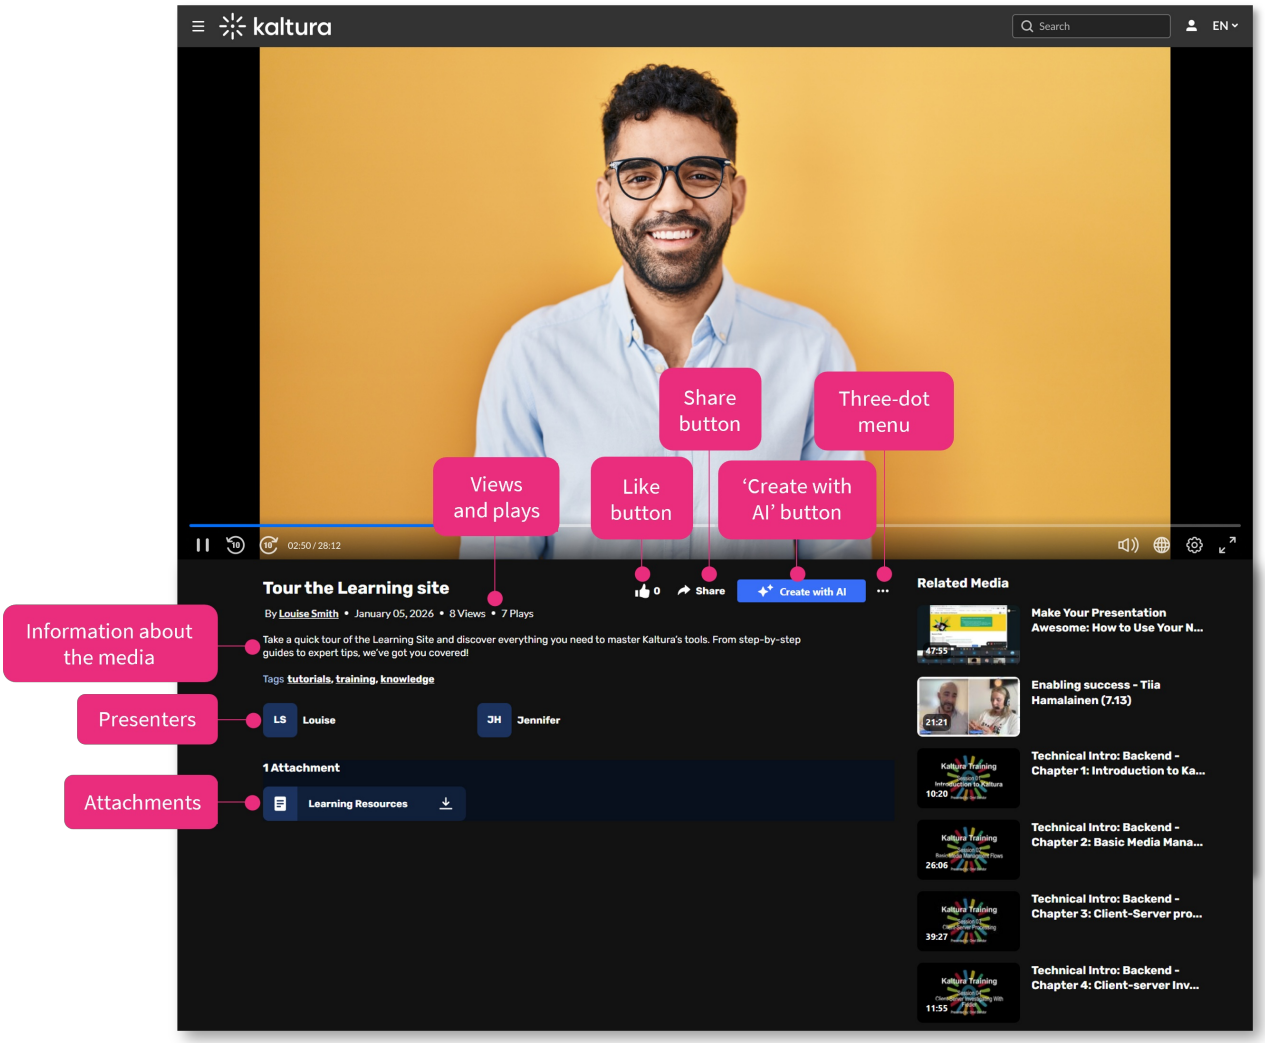

3. Click the desired entry's thumbnail or title to open the media page.

Key features of the media page

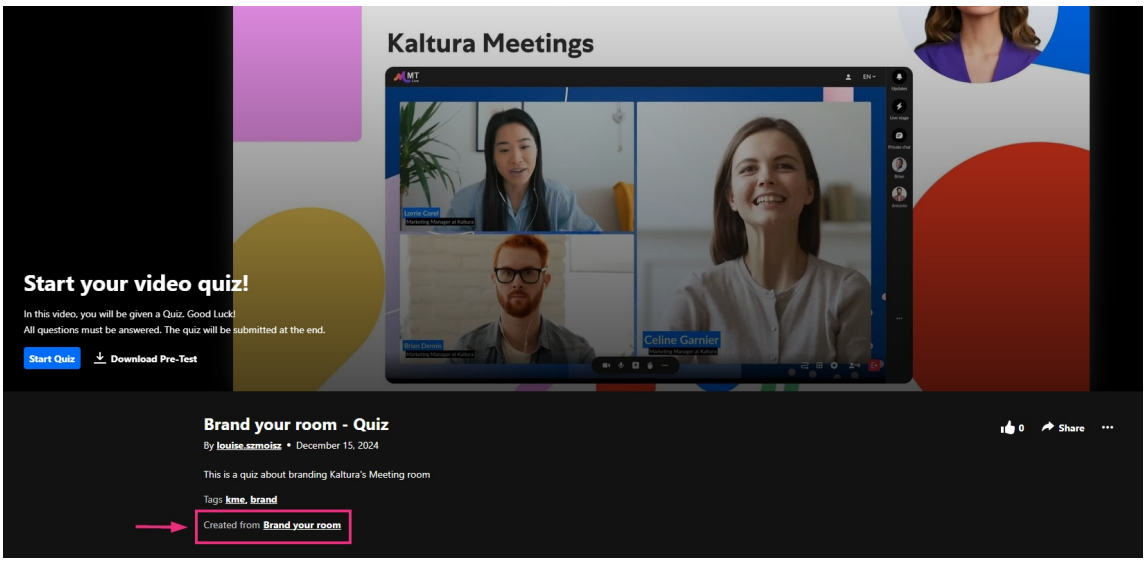

- **Views and plays** - A view is counted when the media page is loaded. A play is counted when someone clicks the Play button. (Which indicators are shown depends on the Application module settings).
- **Like** - Users can rate the video by clicking the "like" button.
- **Share** - Clicking on Share will open a pop-up window with options to link to media page, embed or share via social media. See our article Share and Embed Media for more information.
- **'Create with AI'** - Click to access Content Lab functionality. This button will be active and enabled only on applicable entries. See Create highlight clips with AI,

Create quizzes with AI, Create a summary and chapters with AI, and Enrich metadata with AI for more information.

- **Three-dot menu** - See Three-dot menu below.
- **Created from** - This feature (shown in image below) displays the original content from which media was created, such as clips or quizzes.

- **Viewing context with option to subscribe** - This shows where the entry is being viewed from. Note, the context will only be indicated if you came to the media through a channel. It will always display if this media was published to the one channel only. You can click **Subscribe** to subscribe to that channel if the channel manager has provided that option. See our article Channel subscriptions for more information.
- **Information about the entry** - All the information and metadata about the entry.
- **Presenters** - Media owners can easily add presenters / speakers to media entries from the Edit Media page. Users can simply click on a speaker's icon to view a pop-up with their bio (as shown in image below), without needing to navigate away from the page. To learn how to add presenters, see our article Add speakers to media.

- **Attachments** - Hover over the attachment and a tooltip will show the title of the media, file name, description and file size.

Three-dot menu

Copyright © 2025 Kaltura Inc. All Rights Reserved. Designated trademarks and brands are the property of their respective owners. Use of this document constitutes acceptance of the Kaltura Terms of Use and Privacy Policy.

Click the **three dots** under the player to open the menu. The menu gives you the following options:

Your menu options may look slightly different depending on what has been enabled in your account. If there is something missing, please contact your account administrator to have it enabled.

- **Publish status** - You can select in which channel / gallery the entry will be published. Once you publish the media in a channel or category, the name will appear on the media page. To learn more about publishing media, read our article Publish media.
- **Download** - Click to download a certain flavor of the media to your desktop. See Download media for more information.
- **Add to Playlist** - Click to add the entry to another playlist. Read Add to a playlist for more information.
- **Edit** - Click to edit your entry. See our article Edit media for more information.
