

Media page - Theming

Last Modified on 11/03/2024 2:54 pm IST

 This article is designated for all users.

About

Explore Kaltura's updated media page, designed to make your videos the main focus. With a clean, intuitive layout, it's now easier than ever to find and enjoy your content, all while offering a smoother, more enjoyable experience.

 If your media page doesn't look like the one below, you may need to enable our Theming module. Visit our article [Getting started with the Theming module](#) to get your page looking just right.

Let's check out some of its features:

The screenshot shows a video player interface for a video titled "Make your next event a next-level event" by Eric Grant. The video player has a "Like button" and a "Share button" overlaid on it. Below the video player, there are several sections: "Viewing context with option to subscribe" (pointing to the Corporate Marketing channel), "Information about the entry" (pointing to the video description), "Presenters" (listing Helen Patrick and Roger Chalmer), "Attachments" (listing Logo.png, Brand Guidebook.pdf, and Podcast.mp3), and "16 Comments" (showing comments from Antonio Citterio, Lisa Scott, and Dona Williams). On the right side, there is a "Related Media" section with several video thumbnails. A "Three dots menu" callout points to the menu icon in the video player controls.

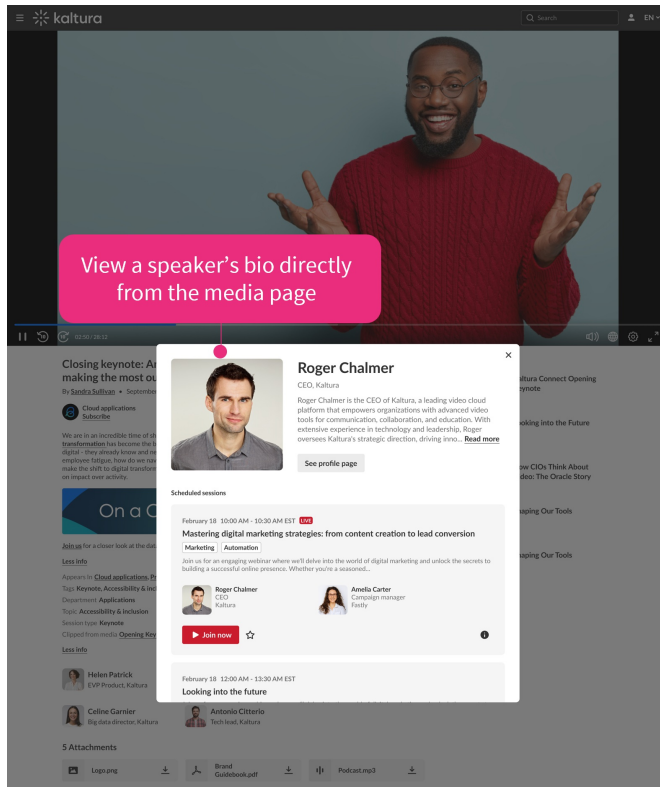

Key features

- **Like** - Users can rate the video by clicking the "like" button.
- **Share** - Clicking on Share will open a pop-up window with options to link to media page, embed or share via social media. See our article [Share and Embed Media](#) for more information.
- **Comments** - Users can comments on the video at the bottom of the screen.

 The comments feature isn't currently available, but will be very soon.

- **Three-dots menu** - Click the three dots to open the menu. For more information, see [Three dots menu](#) below.
- **Viewing context with option to subscribe** - This shows where the entry is being viewed from. Note, the context will only be indicated if you came to the media through a channel. It will always display if this media was published to the one channel only. You can click **Subscribe** to subscribe to that channel if the channel manager has provided that option. See our article [Channel subscriptions](#) for more information.
- **Information about the entry** - All the information and metadata about the entry.
- **Presenters** - Media owners can easily add presenters / speakers to media entries from the [Edit Media page](#). Users can simply click on a speaker's icon to view a pop-up with their bio, without needing to navigate away from the page.

 To learn how to add presenters, see our article [Add speakers to media](#).

- **Attachments** - Hover over the attachment and a tooltip will show the title of the media, file name, description and file size.

Download AICC wrapper [AICC Wrapper](#)

Click the **three dots** under the player to open the menu. The menu gives you the

following options:

- **Publish status** - You can select in which channel / gallery the entry will be published. Once you publish the media in a channel or category, the name will appear on the media page. To learn more about publishing media, read our article [Publish media - Theming](#).
- **Download** - Click to download a certain flavor of the media to your desktop. See [Download media](#) for more information.
- **Add to Playlist** - Click to add the entry to another playlist. Read [Add to a playlist](#) for more information.
- **Edit** - Click to edit your entry. See our article [Edit media](#) for more information.
- **Add to Watch List** - Click to add the entry to your personal watch list. Text will change from “Add to watch list” to “Remove from watch list” according to your status.
- **Analytics** - Click to access the VOD analytics dashboard and get an overview of the media entry. See our article [VOD analytics](#) for more information.
- **REACH Captions & Enrich** - Select to order captions and enrichment services. See our article [Order captions and enrichment services](#) for media for more information.
- **Launch Editor** - Click to launch the Kaltura Video Editor. See [Overview of Kaltura's video editing tools](#) for more information.
- **Delete** - Click to delete the entry and move it to the Recycle Bin. Check out our article [Restore deleted items from the Recycle Bin](#) for more information.

 Your three-dots menu may look slightly different depending on what has been enabled in your account. If there is something missing, please contact your account administrator to have it enabled.
