

How to edit media in MediaSpace

The screenshot shows the MediaSpace interface. At the top, there is a navigation bar with the MediaSpace logo, an 'Add New' button, and links for 'My Media', 'My Playlists', 'Kaltura', and 'kms3 (logout)'. A search bar is also present. Below the navigation bar, there are tabs for 'Youtube', 'White Logos', 'Black Logos', 'Recordings', 'Logos', 'Rabbits', and 'España'. On the left side, there is an 'Add New' section with links for 'Media Upload', 'Webcam Recording', and 'Video Presentation'. The main area is titled 'My Media' and contains a list of media items. The first item is 'fiddlemaking.wmv', which has a video thumbnail showing hands playing a fiddle. The second item is also 'fiddlemaking.wmv' with a similar thumbnail. The third item is 'Logo_Yellow', which has a yellow thumbnail with the Kaltura logo. The fourth item is 'Logo_White', which has a white thumbnail with the Kaltura logo. Each item shows its duration, view count (0), and upload date. A yellow box highlights the 'Edit' button next to the first 'fiddlemaking.wmv' item.
