

How to remove the logo in the Kaltura player using additional params and plugins

Last Modified on 10/05/2020 12:49 pm IDT

Add the following line:

```
{syntaxhighlighter brush: java;fontsize: 100; first-line: 1; }kalturaLogo.  
visible=false&kalturaLogo.includeInLayout=false{/syntaxhighlighter}
```
