

# Import other Media Galleries in Canvas

Last Modified on 01/30/2025 9:08 am IST

 This article is designated for faculty members.

## About

Media Gallery managers can import other galleries they manage, which is helpful for faculty who want to transfer media from an old gallery to a new one each semester.

 The instructions below are for non-Theming users. If you have [Theming](#) enabled, please refer to our article [Import other Media Galleries in KAF - Theming](#).

 This feature requires the [Importchannel module](#) to be enabled by your administrator.

## Import

1. Access your course, then on the left menu bar, click on **Media Gallery**.

 The Media Gallery link is typically located on the course navigation panel, as seen in our example. However, depending on your account setup, you might access the Media Gallery differently. See your Kaltura Administrator for further information.

The Media Gallery displays with the **Home** tab open by default.

Your additional media will be presented once it is ready and approved. Refresh Now

If the Media Gallery is empty, the importing process can also be initiated from a link in the following message: *To import content from another media gallery you manage, [click here](#)*. Click on the link to access the list of all media galleries you manage. Continue with steps **5 - 8** below.

The screenshot shows the 'Media Gallery' interface. At the top, there is a 'Start Meeting' button and a menu icon. Below that, there are tabs for 'Home' and '0 Media'. A search bar is present with the text 'Search this gallery'. There are also filter and sort options: 'Filters >', 'Search In: All Fields', and 'Sort By: Creation Date - Descending'. A '+ Add Media' button is on the right. A large blue bar in the center says 'No Media Found'. At the bottom, a yellow notification bar contains the text: 'To import content from another media gallery you manage, [click here](#)'. A red arrow points to the 'click here' link.

3. Choose a gallery from the list.

4. Click **Import**.
