

How to Update the Kaltura Player to the Latest Version

Updating Kaltura Players in the Universal Studio

The Universal Studio tab displays the complete list of the players defined in your account. To edit any player in the Universal Studio, the player should be updated to the latest Universal Studio Players.

All players are automatically available to be updated in the new Universal Studio.

Update a Player

To update a V2 player to the latest version

1. Select the Studio tab and then click Universal Studio.

The list of existing players is displayed.

The screenshot shows the Universal Studio interface with the 'Players list' table. The table has columns for Name, ID, Save Date, Creation Date, and Actions. The 'Actions' column contains 'Duplicate' and 'Delete' icons for each row. The 'Update' icon is visible for some rows, indicating that those players can be updated to the latest version.

Name	ID	Save Date	Creation Date	Actions
New Player V2	42864861	2 months ago	2 months ago	 
MediaSpace Default Quiz Player (Do Not Delete)	42862921	2 months ago	2 months ago
