

# Kaltura Lecture Capture Folder Directory

This article provides information about the Kaltura Classroom folder.

## To navigate to the Kaltura Classroom Application's Settings folder

1. Right click on the Kaltura Classroom icon on the desktop.
2. Right click on the icon and select Properties.
3. Open file location and go up one folder up to the Classroom folder.  
or simply go to: C:\Program Files\KalturaClassroom.

The following folders are included in the Classroom Directory:

- CaptureApp -includes the executables.
- Recordings – includes all local copies of your recordings – the Completed subfolder includes the uploaded recordings.
- Logs – includes the application and UploaderService logs.
- Settings – includes the application's settings. For more information see [Kaltura Classroom Settings Folder](#).
- UploaderService – includes the source files for the upload service.
