About

Kaltura Lecture Capture is a simple, reliable way to record lectures and presentations in classrooms, lecture halls, and other teaching spaces. With one-click recording, Full HD (1080p) support, and smooth integration with your institution's Legacy Video Portal or LMS, it makes high-quality capture easy for instructors and administrators.

Before getting started, make sure you have:

- A Kaltura account
- Access to your institution's Legacy Video Portal or LMS Video instance

Hardware and software requirements

Below are the minimum hardware and software requirements for installing and using Lecture Capture. For additional details, consult your Kaltura representative.

Lecture Capture is currently supported on Windows only. It does **not** run on macOS, Chromebooks, or Blackmagic devices.

Requirement	Details
Operating System	Windows 10 (64-bit) or higher
Memory	8GB RAM
Storage	At least 1 GB free
Processor	- Intel i5 for 720p recording - Intel i7 for 1080p recording
Encoding	Intel Quick Sync
