

Kaltura Capture Overview

NOTE: Support for CaptureSpace ended on June 1, 2019.

Kaltura Capture Overview

Kaltura Capture desktop recorder enables easy video creation anywhere by anyone.

Kaltura Capture has a simple user interface, requiring only one click to record, without complex setup or a lengthy learning curve. Kaltura capture is supported both on Windows and Mac You can record: two camera inputs at once, two screens, or a camera and a screen. Kaltura Capture automatically uploads new videos into the Kaltura Mediaspace video portal or Kaltura Integrations with Learning and Content Management Systems.

Kaltura Capture includes:

- Screen and webcam capture in one click
- Automatic slide detection and creation of searchable chapters
- Support for software management install
- Seamless uploading to Learning and Content Management Systems and Kaltura MediaSpace
- Intuitive user interface

And much more.
