> **Legacy notice**
> If you're setting up a new event, we recommend using **Live Studio**, our modernized live event experience. See **Introduction to Live Studio** for more information. If your organization is still using the legacy webcasting product, this article still applies.

You can launch the Moderator View Application for a Webcasting Event after your event is set up to be broadcast and you have been assigned as a Webcast Moderator.

To launch the Moderator View

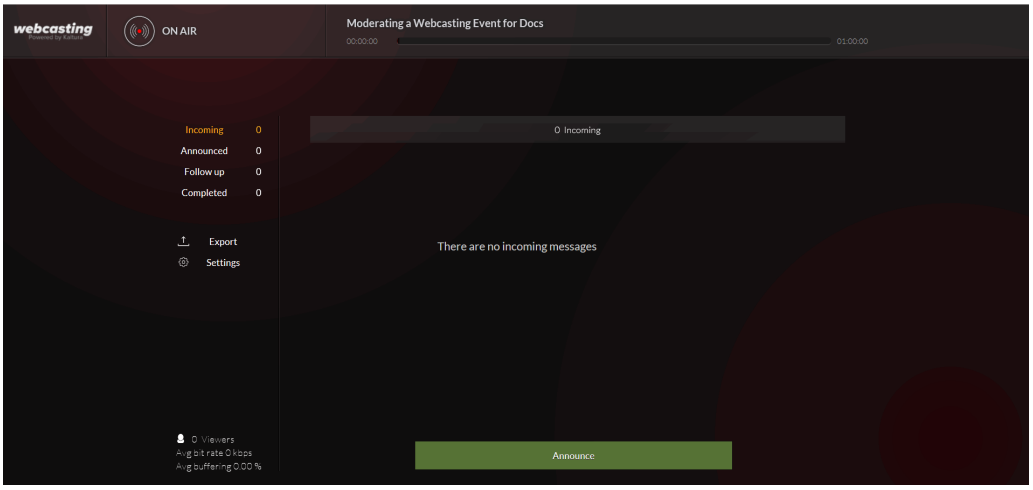

1. Open the Webcast Media Page and click on the **ACTIONS** button.
2. Select **Manage Event** from the drop-down menu

3. The Manage Event Tab opens in your browser and the Moderator View screen is displayed.
