Kaltura Webcasting Roles

Last Modified on 06/29/2026 1:46 pm IDT

> **Legacy notice**
> If you're setting up a new event, we recommend using **Live Studio**, our modernized live event experience. See **Introduction to Live Studio** for more information. If your organization is still using the legacy webcasting product, this article still applies.

The following table lists the typical roles in a Kaltura Webcasting event. The tasks for each role may be performed by different people or by an individual, depending on the event size and budget.

There may be one or more moderators per webcast event.
