Kaltura Capture desktop recorder folder directory

Content updated: 08/20/2019

This article is designated for all users.

About

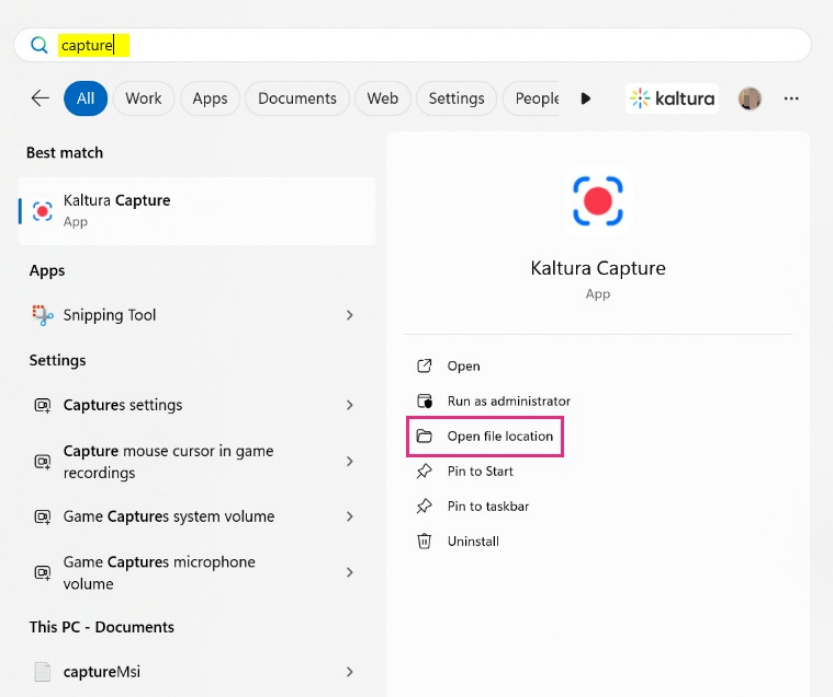

The Kaltura Capture directory is where you'll find all the essential files and settings for your recordings and the application itself. The directory contains the following folders:

- **Bin**: Holds the KalturaCapture executables.
- **Logs**: Stores the application and UploaderService logs.
- **Recordings**: Contains local copies of your recordings.
- **Settings**: Stores the application's settings.

How to locate the Kaltura Capture directory

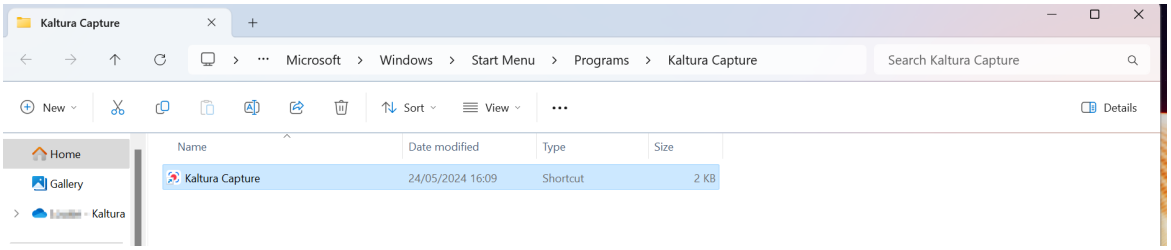

Windows

1. Perform a search in your computer's search field, then in the **Kaltura Capture** app window, click **Open file location**.

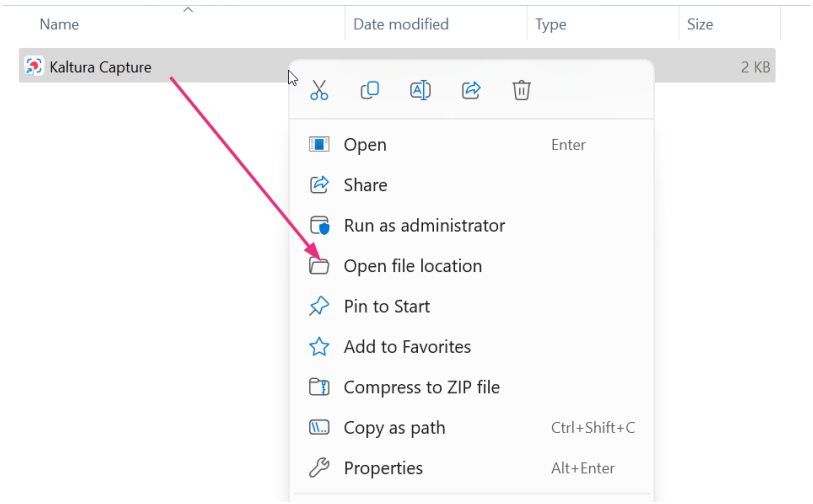

The **Kaltura Capture** file displays.
