

Kaltura Capture - Create a Recording

To Create a Recording

1. Click the red button to start recording.

To see other recording options, see [Kaltura Capture Recording Options](#).

2. You will see a 5 second count down and then your recording will start.
3. If you decide to cancel your recording during the 5 second countdown, click Cancel.
4. When the recording begins, the duration of your recording is displayed in the Recording Menu.
