About

This guide covers how to edit and manage your media, offering options like metadata management, publishing settings, thumbnail customization, and more, so you can ensure your content is exactly how you want it.

You may lose some functionality if your display screen is under a certain width or when in mobile view.

These instructions apply to the **legacy Video Portal**. If you're using the new Video Portal with Theming, see the [Content Hubs category](#).

Access the edit media page

If you cannot access your My Media Page content/actions or display editing tabs, ask your administrator to give you the required permission.

From My Media page

1. Access the [My Media page](#). Your My Media Page lists previously uploaded media.
2. Choose one of the following methods:
 - Click the pencil icon next to the desired media.
