

Single Media Actions Menu

The Single Media Actions menu provides you with the following options:

Edit - See [Managing Media - Editing Entries](#) for more information.

Publish - See [Publish Media in KAF](#) for more information.

Analytics - See [Channel/Course Analytics](#).

Launch Editor - See [Launching the Kaltura Video Editing Tools](#).

Delete - Please note, when choosing to delete a video, you are removing the video from the site. If the video is published elsewhere, it will be deleted from those locations as well. Remember, after you approve the deletion confirmation message, you do not have an undo button to retrieve the video deletion.

NOTE: The options displayed depend on your KAF admin configuration.
