

# Usage Analytics

## Usage Dashboard

The Usage dashboard includes system reports on bandwidth, storage, and transcoding consumption to help you monitor your usage, and it is consisted of following sub-pages: Publishers Bandwidth and Storage and End Users Storage. The dashboard can be used to explore usage in different time periods and even compare between different periods. To learn more see Working with the Usage Dashboard.

- [Publishers Bandwidth and Storage Analytics](#) - The Publishers Bandwidth and Storage sub-page includes usage reports on bandwidth, storage and transcoding consumption over time, in addition to accumulative bandwidth and storage.
- [End-users Storage Analytics](#) - The End Users' Storage sub-page enables you to see the breakdown of storage and minutes by specific users, including total, added and deleted figures.
