 $\textcircled{B}_{a}$  This article is designated for administrators.

## About

The End Users Storage dashboard enables you to see the breakdown of storage and minutes by specific users, including total, added and deleted figures.

The dashboard can be used to explore usage in different time periods and even compare between different periods. To learn more see Working with the Usage Dashboard.

As a reference for analytics terms and definitions, please see the Advanced Analytics Terminology article.

To explore usage trends over time, use the graph to review key metrics. Use the tabs at the top of the graph to see the different metrics:

- Total Storage Sum of storage used by all or selected user(s).
- Total Entries Number of entries owned by all or selected users(s).
- Total Minutes Total duration of the entries owned by all or selected user(s).

You can view the data for each metric in daily or monthly granularity. Hover over any

point in the graph to see the detailed data.

To change the time period use the date picker at the top of the dashboard. You can also compare data from different time periods. For more information, see Working with the Usage Dashboard.

## **Details for End Users Analytics**

You can also click View Details to see the complete detailed data for the time period for each user.
