

# Kaltura PATH Interactive Videos

## Create/Show Media

This article describes how to create a Kaltura PATH Interactive Video and pre-select the media you want to use for the Interactive Video.

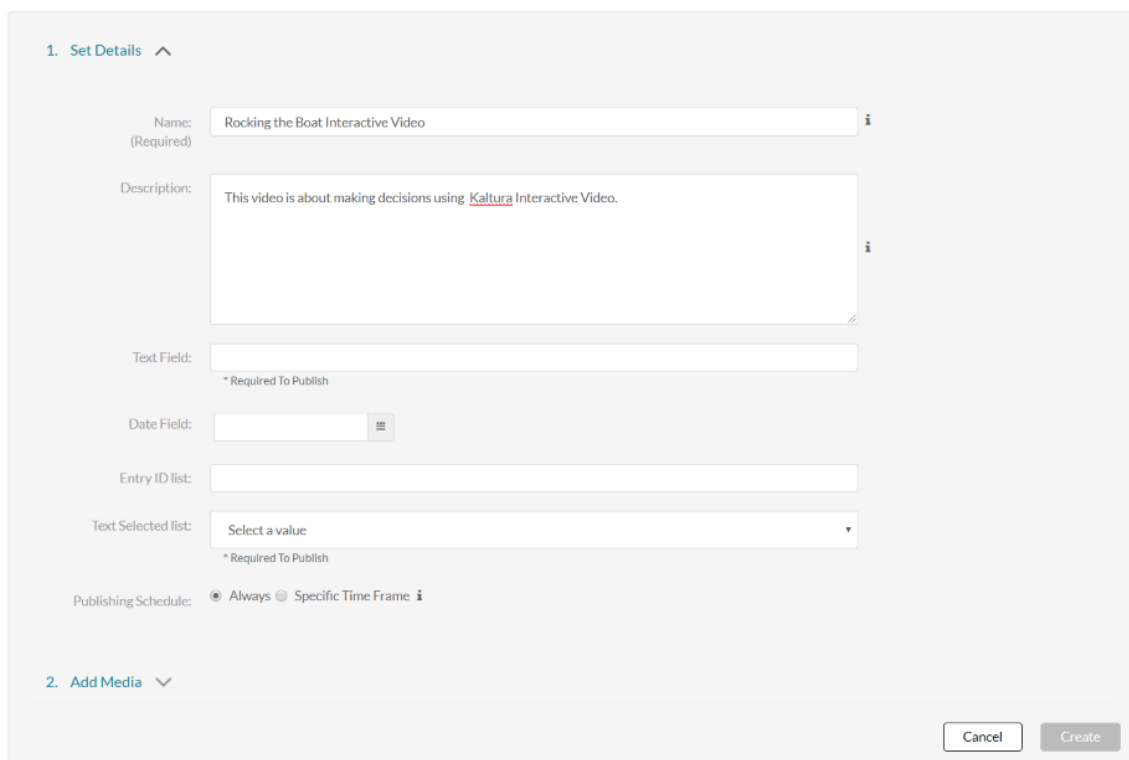

### To create an Interactive Video

1. Login to your KMS/KAF instance.
2. Select Interactive Video from the Add New menu.

The Create Interactive Video window is displayed and includes two sections:

- Set Details
- Add Media

### Create Interactive Video

The screenshot shows the 'Create Interactive Video' form with the 'Set Details' section expanded. The form includes the following fields and options:

- Name:** (Required) Text field containing "Rocking the Boat Interactive Video".
- Description:** Text area containing "This video is about making decisions using [Kaltura](#) Interactive Video."
- Text Field:** Empty text field with a note: "\* Required To Publish".
- Date Field:** Date picker.
- Entry ID list:** Empty text field.
- Text Selected list:** Dropdown menu with "Select a value" and a note: "\* Required To Publish".
- Publishing Schedule:** Radio buttons for "Always" (selected) and "Specific Time Frame".

At the bottom right of the form are "Cancel" and "Create" buttons.

## Set Details

## ☰ To set details enter the following information

- Name
- Description

## Add Media

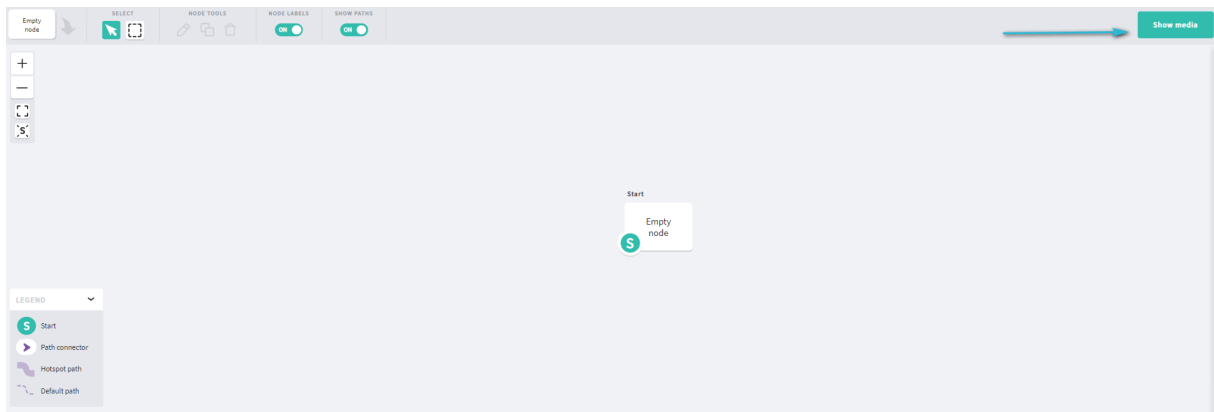

### ☰ To add media into the Interactive Video

1. Click on the Add Media arrow to open the My Media section.  
My Media displays the media available to select for the Interactive Video. Click Add to select videos for the Interactive Video.

## Create Interactive Video

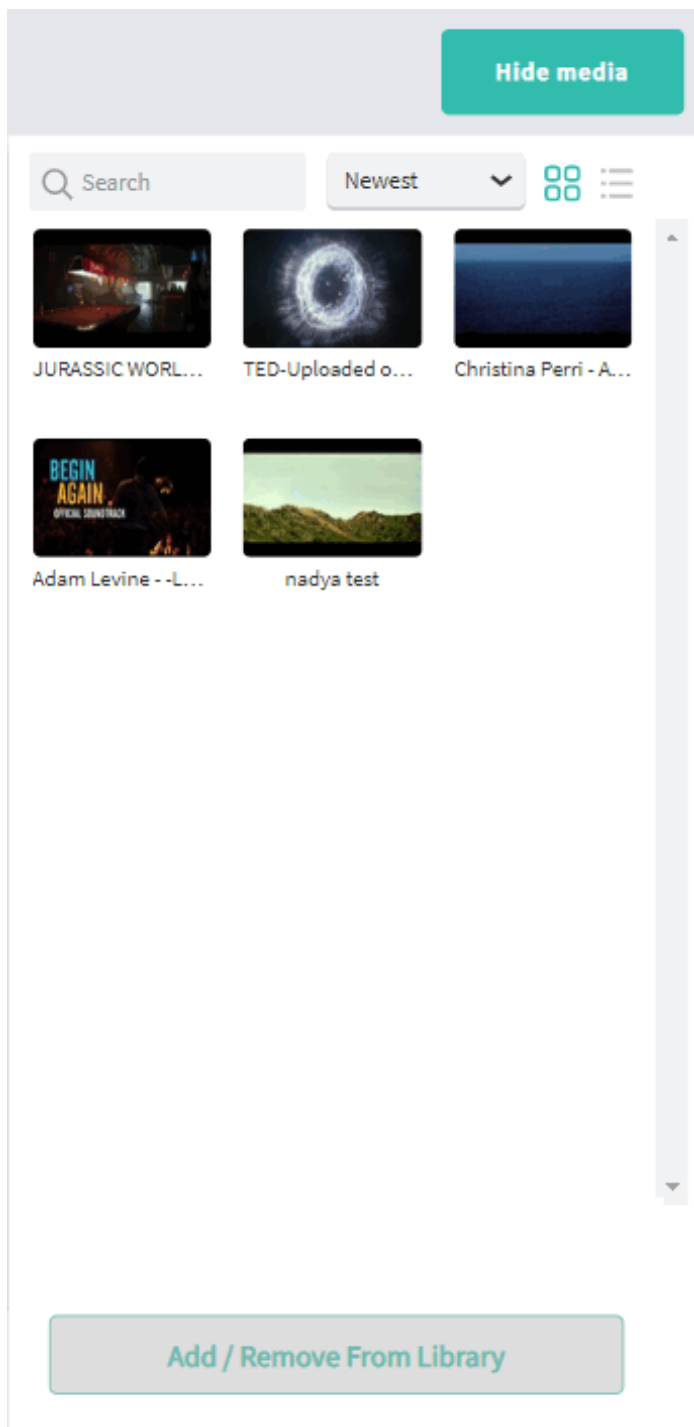

The screenshot shows a two-step process for creating an interactive video. Step 1, 'Set Details', is completed. Step 2, 'Add Media', is active. The interface is split into two main panels. The left panel, 'My Media', displays a list of video thumbnails with their titles and upload information. Two videos are highlighted with green checkmarks and 'Add' buttons: 'TED-Uploaded on 13-08-19' and 'JURASSIC WORLD 2 Official Trailer (2018) Chris Pratt Action Movie HD'. The right panel, 'Interactive Video', shows a list of videos that have been added to the interactive video. These include 'nadya test', 'Adam Levine - Lost Stars (Lyric Video) (2015 Best So...', 'Christina Perri - A Thousand d Years [Official Music Vide...', 'TED-Uploaded on 13-08-19', and 'JURASSIC WORLD 2 Offici al Trailer (2018) Chris Pratt'. At the bottom right of the interface, there are 'Cancel' and 'Create' buttons.

2. Click Create.  
The Composer is opened.

3. Click Show Media.

The media library that contains only the videos that you selected is displayed.

You can create Interactive Videos using only the chosen videos in the library. You can view the media in list or tabular format.

You can also sort the media by:

- Newest
- Oldest
- Alphabetical
- This project

Click Hide Media to Hide Media in the Composer.

### **To Edit the Interactive Video Playlist**

1. Click Add/Remove from Library to return to the playlist User Interface  
The Edit Interactive Video window is displayed.
2. Click on the x to remove media.
3. When you are certain about the media in your playlist, click Save to return to the Interactive Video Composer with a refreshed list.

There is no need to turn entries into” unlisted” status in KMS/KAF to be used in Interactive Videos.
