 This article is designated for all users.

About

This article describes how to access and work in the Share & Embed playlists page.

 If you cannot share and embed playlists, ask your administrator to give you the required permission.

Access the Share & Embed page

There are two ways to access the Share & Embed page for playlists - from the My Playlist page or from the Playlist Details page.

Option 1:

Access the [My Playlists page](#), then click the Share & Embed icon under the desired playlist thumbnail.

Leadership Succession Program

Channel Playlists

Access the [Playlist Details page](#) of the desired channel playlist, then click the **Share & Embed** button (see above).

The Share & Embed page displays.

Share & Embed

Share Watch Link:

[Copy Link](#) [Email Link](#)

Embed Settings:

Choose Player:

Max Embed Size:

Embed Type:

Auto Play: On

[Copy Embed](#)

[Done](#)

Share Watch Link:

To share the watch link (i.e. the Playback page) for the playlist, either copy the link or click Email Link to launch your email application.

Embed Settings:

- Choose Player - Choose the player in which to embed the media
- Max Embed Size - Set the maximum size playlist to grab. This is set to responsive

embed automatically.

- Embed Type - Choose the type of embed (iFrame, Dynamic, or Auto).
- Auto Play - Choose to start playing the first media in the playlist as soon as the page loads. This includes auto continuing to the next media once the first one is finished and so on.

To copy the embed code, click **Copy Embed**.

When you are finished making your selections, click **Done**.
