

# Customize media display in Video Portal

Last Modified on 04/11/2026 3:28 pm IDT

 This article is designated for all users.

## About

You can customize the design of a media page in your Video Portal to control how it looks and what information it displays.

Change the player, hide elements, update the background color, or apply custom CSS for a specific media page.

This feature requires the [Entrydesign module](#) to be enabled. .

## Access the display settings

1. From the user menu, select [My Media](#).

The 'My Media' page displays.

**My Media** ↻

Search My Media ⊙

Name:  (Required)

Description: Black Bold *Italic* Underline ≡

Use the Display tab to change or modify an entry's display.

Entry player:    
Choose a player for this entry

Show elements:  Sidebar  
 Entry properties  
 Entry tabs  
 Comments  
 Header  
 Header logo  
 Footer  
Choose what elements should show on the page with the video

Background color:    
Choose the color of the entry page background

CSS:  No file chosen  
Upload a CSS file to customize the entry's page.

Different logo:  No file chosen  
Add a logo image file to show for this entry only. Default logo size is 325px wide X 41px high. Note: The width of the logo image affects the amount of space available for the Header menu.

## Customize

1. Choose from the following options to customize the design of the entry page.

The availability of the possible settings depends on your Kaltura administrator's configuration:

- **Entry player** - Choose a custom player for the page. The choices available are from a predefined set of players supplied by your administrator.
- **Show elements** - Uncheck the UI elements that you want to hide on the entry page.
  - **Sidebar** - The sidebar refers to the bar to the right of the player. Depending on your application's settings, you may or may not have a sidebar, related media, or a playlist chosen by the administrator.
  - **Entry properties** - The properties are right below the player, containing the entry's name, owner, and 3 counter icons for views, comments and likes.
  - **Entry tabs** - Below the properties tab, the entry tab includes the Details, Share, Attachments and the Actions drop down menu.
  - **Comments** - The comment section, if enabled in your video portal.
  - **Header** - The header includes the entire bar on the top of the video portal screen. If you decide to remove it, it will also remove the logo, and all other

links.

- Header logo – The main logo at the top left of video portal screen.
- Footer – The video portal footer.
- **Background color** - Choose a background color for the entry page.
- **CSS** - Choose a CSS file to alter only this single page.  
Click on the "Upload CSS" button to apply the change. Note that clicking on this button without uploading a file first will have no effect.
- **Different logo** - Choose a new logo that will replace the existing one when viewing this page. Click on the **Upload logo** button to apply the change (clicking on this button without uploading a file first will have no effect).

2. Click **Save entry theme**.

## Example

The following shows a sample configuration where all boxes have been unchecked and the background color was changed.

Use the Display tab to change or modify an entry's display.

Entry player:  ▼

Choose a player for this entry

- Show elements:
- Header
  - Header logo
  - Sidebar
  - Entry properties
  - Entry tabs
  - Comments
  - Footer

Choose what elements should show on the page with the video

Background color:  

Choose the color of the background

CSS:

Upload a CSS file to the page.

The resulting media is displayed as follows:
