This article is designated for all users.

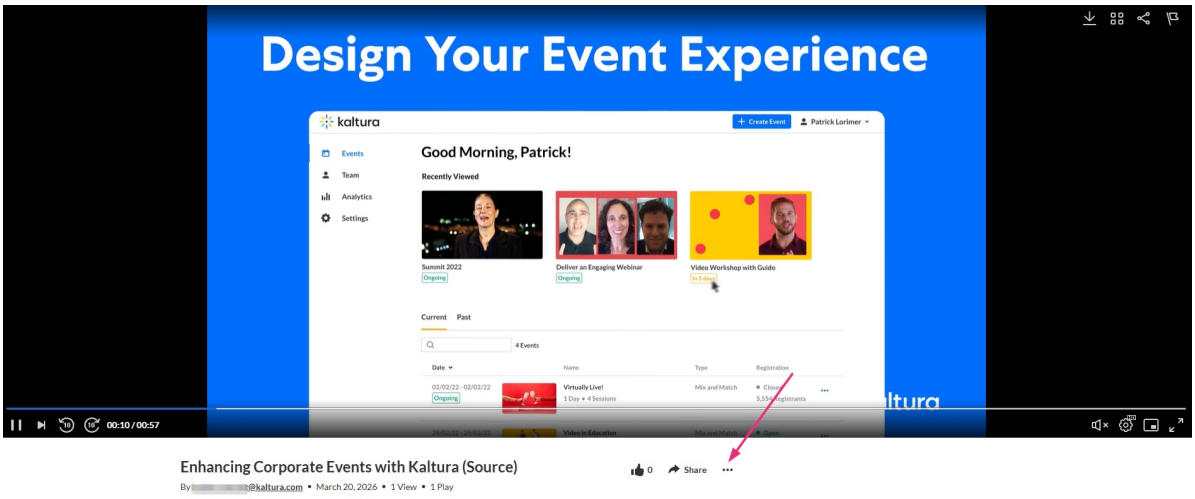

About

Videos can be downloaded via the media page in Content Hubs.

Download availability depends on the media owner's settings and your permissions.

Download a video

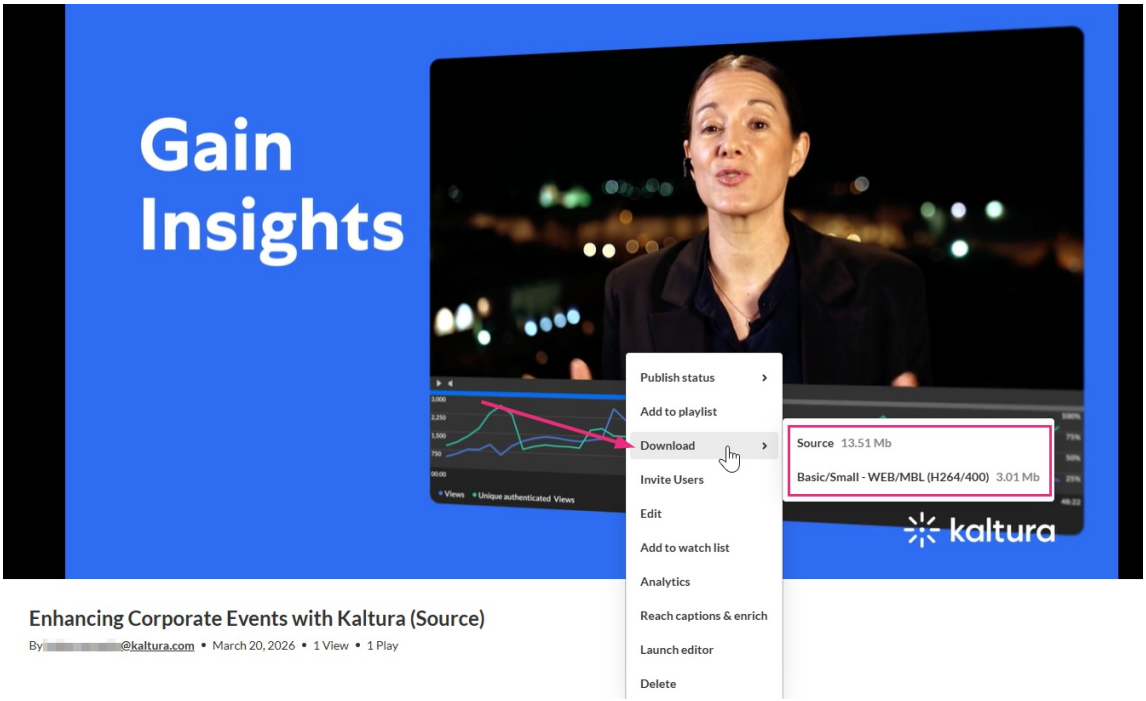

1. On the media page, click the **three dots** below the player.

2. Select **Download**, then choose a format from the available options.

The **Download** option appears only if downloads are enabled. If you don't see this option, see Enable media download for more details.
