

Kaltura Application Framework (LMS integration) Admin Agenda

OVERVIEW

This session is intended for admins and will cover the Kaltura Application Framework (KAF) Admin page. We will explore the configuration modules and configure our design, settings and styling of the KAF plug in.

Upon completion of this learning session, the participants will be able to:

- Understand the Kaltura Application Framework (KAF) Admin page.
- Configure your KAF modules.
- Understand the different types of roles and permissions.
- Understand the purpose of the Shared Repository.
- How to configure a course, and customize and edit modules.
