

Review Your Quiz Results

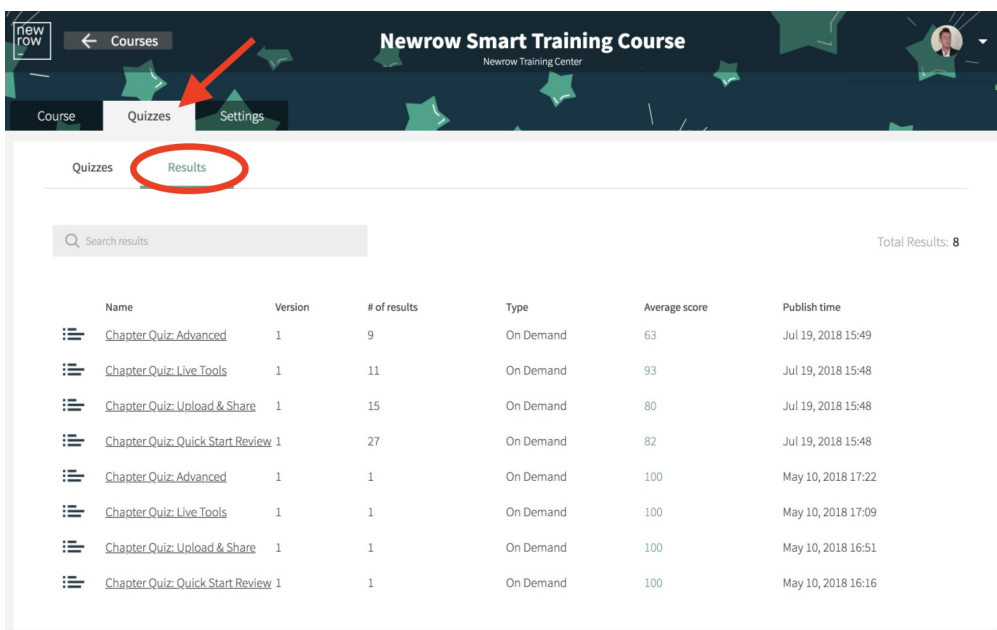

Last Modified on 01/05/2021 12:38 pm IST

After the completion of a quiz, you can review detailed quiz results.

Find Your Quiz Results

Only room instructors or admins can access quiz results.

1. Go to smart.newrow.com after you've completed a quiz in your live room.
2. From the *Course Directory* select the course you published the quiz in.
3. Select the **Quizzes** tab.
4. Select **Results**.
5. Click the quiz results you wish to review.

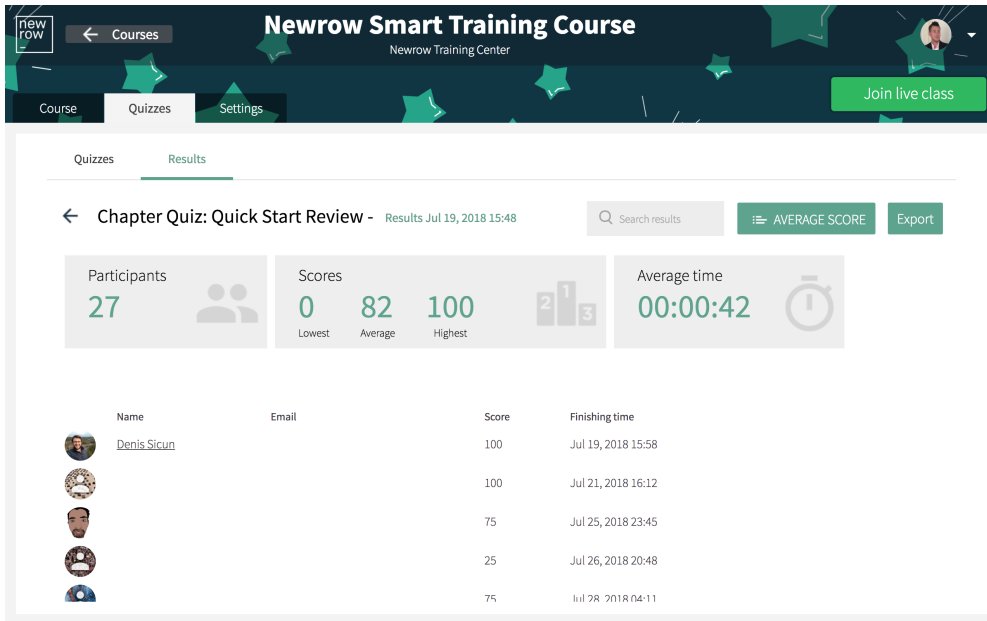

□ Within *Results* you will see a table of quiz results ordered by time published. The table columns display the following information:

- **Name of the quiz**
- **Version of the quiz** published - This number updates if you edit your quiz.
- **# of results** - shows the number of people that have completed the quiz.
- **Type** - refers to whether or not the quiz session was published in On-demand course or live class.
- **Average Score** - shows the average score of all results in that quiz session.
- **Published time** - refers to the time and date the quiz session was published.

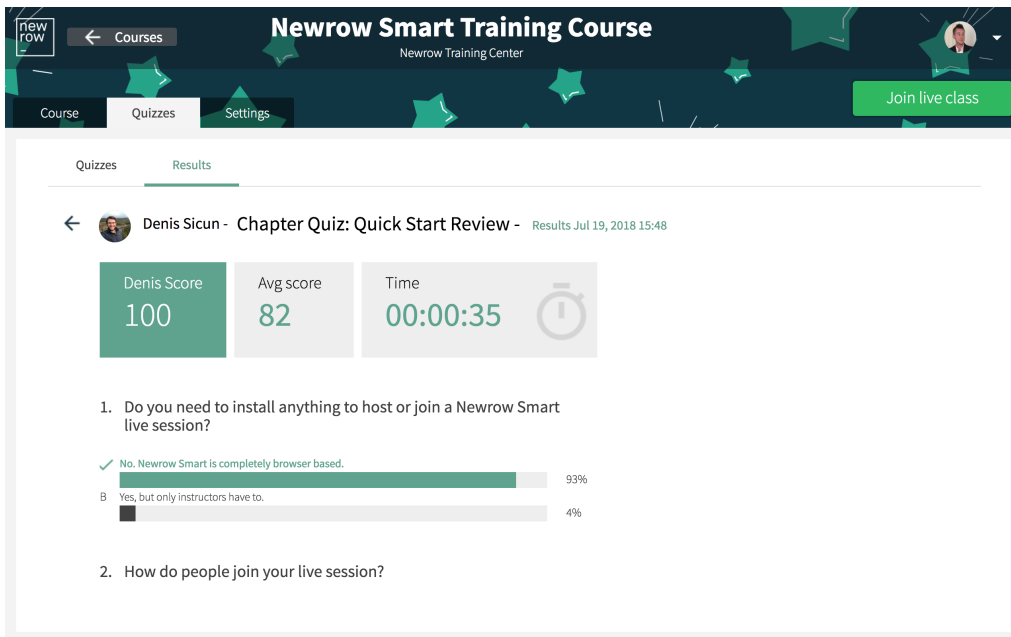

Review Quiz Results

Quiz results can provide you a high level view of quiz session results as well as the results from specific learners. Selecting a specific quiz session displays the high level view of quiz results. The summary dashboard provides information regarding:

- **Participants** - the total number of participants that took this quiz in this quiz session
- **Scores** - shows you the lowest score, average score, and highest score in that quiz session.
- **Average time** - showcases the average time of completion to finish the quiz - from clicking start to submitting answers.

□ You can scroll through the list of quiz takers to see their specific scores. Clicking the name of a participant loads the specific quiz results of that participant. In the specific quiz results of the participant you can see that quiz taker's results as they compare to the aggregated score of the other participants.

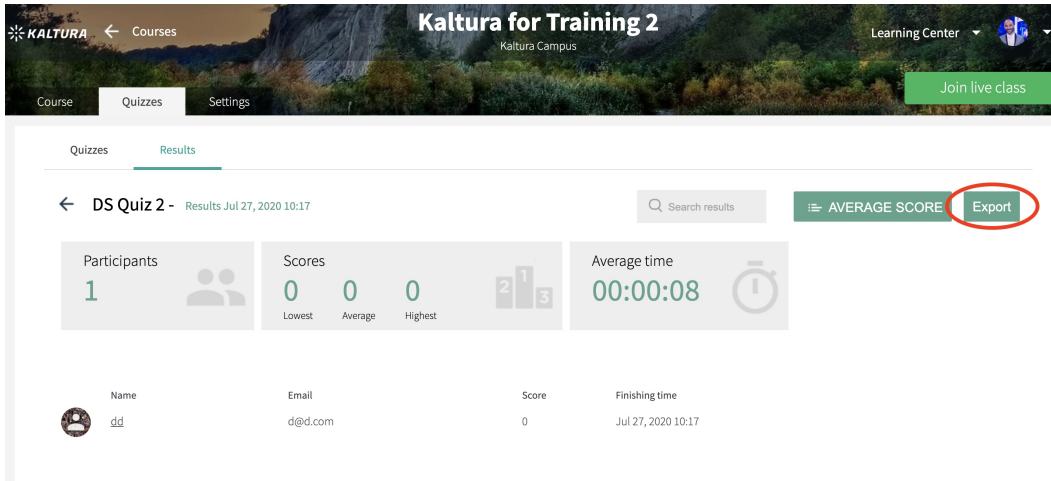

Download or Export Quiz Results

You can download or export a CSV of your quiz session results.

1. From the *Course Directory* select a course.
2. Select the **Quizzes** tab.
3. Select **Results**.
4. Select the specific quiz session results you want to review.
5. Click the **Export** button.

□ A CSV file is downloaded to your computer. You can open this file in Excel or other programs that open spreadsheets.

The screenshot displays the Kaltura Learning Center interface for a course titled "Kaltura for Training 2". The navigation bar includes "Course", "Quizzes", and "Settings". The main content area shows the results for "DS Quiz 2" on July 27, 2020, at 10:17. Key statistics include 1 participant, a score of 0 (lowest, average, and highest), and an average time of 00:00:08. A table lists the participant's details: Name (dd), Email (d@d.com), Score (0), and Finishing time (Jul 27, 2020 10:17). The "AVERAGE SCORE" and "Export" buttons are highlighted with a red circle.
