

Create and Manage Your On-Demand Courses

Last Modified on 03/16/2023 6:07 pm IST

Each course you create includes both a virtual classroom and an on-demand course.

Overview of On-Demand Courses

On-Demand courses can be used in a myriad of ways.

You can build your on-demand course to prepare participants for their live session or you can add content you shared in your live sessions (as well as session recordings) to the course for participants to review after the live session.

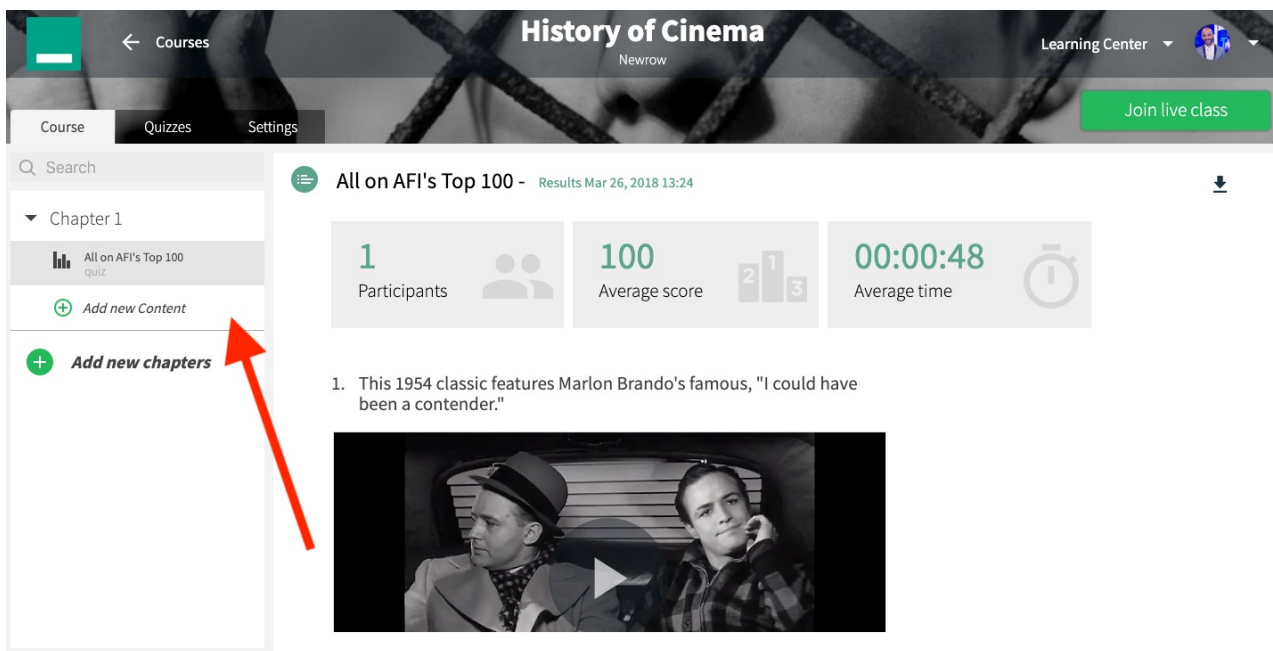

Access Your On-Demand Course

Select a course you want to join in the course directory.

Add Chapters To Your On-Demand Course

Organize the course content you share into easy to navigate chapters.

1. Click **+ Add New Chapters**.
2. Enter in a chapter name.
3. Hit the **Enter** or **Return** key on your keyboard.

The screenshot shows the Kaltura course management interface for a course titled "History of Cinema". The interface includes a navigation menu with "Course", "Quizzes", and "Settings" tabs. A sidebar on the left shows a search bar and a list of chapters, with "Chapter 1" expanded to show "All on AFI's Top 100 quiz" and an "Add new Content" button. A red arrow points to the "Add new chapters" button in the sidebar. The main content area displays a quiz titled "All on AFI's Top 100" with results from March 26, 2018. The quiz statistics are: 1 Participant, 100 Average score, and 00:00:48 Average time. Below the statistics, there is a list of quiz questions, with the first one being: "1. This 1954 classic features Marlon Brando's famous, 'I could have been a contender.'" Below the question is a video player showing a scene from the movie "On the Waterfront" featuring Marlon Brando and Eva Marie Saint.

Add Files To A Chapter

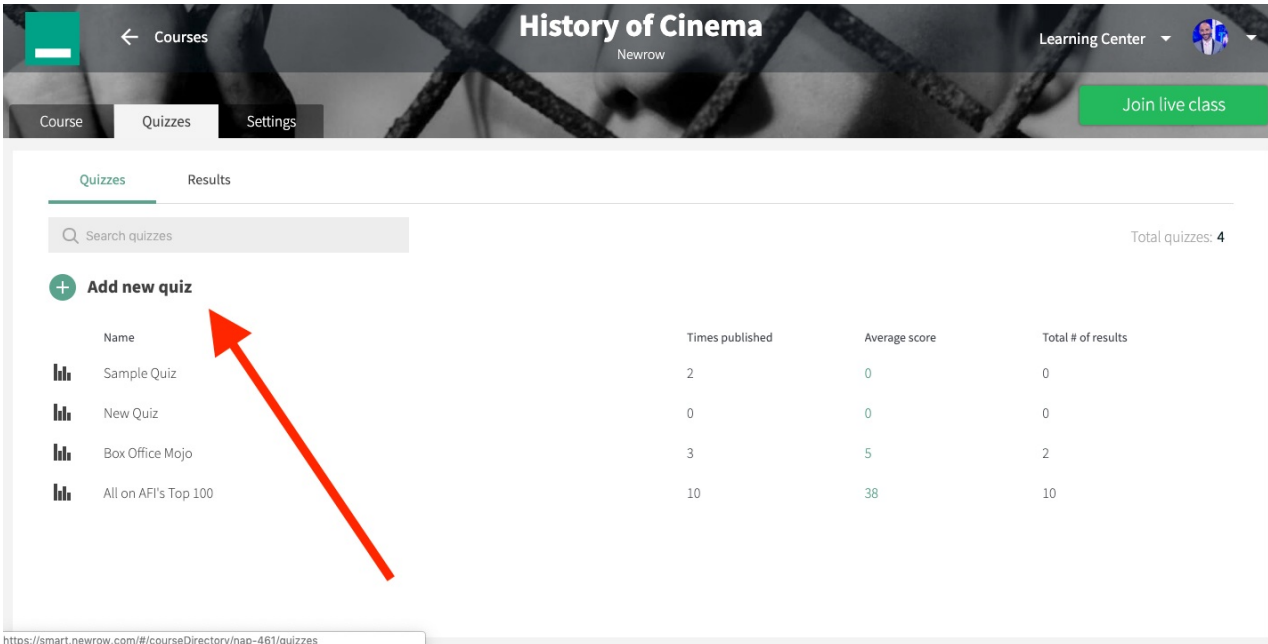

You will first need to add a chapter before adding content to your on-demand course.

1. Click + Add New Content under the chapter you want to add files to.
2. Use the course file browser to find the file you want to add.
If you want to upload a file to course files, you can do so by clicking the + File button.
3. Select the file/s you want to add.
4. Click the Add & Close button.

Add Quizzes To A Chapter

⚠ You will first need to add a chapter before adding quizzes to your on-demand course.

1. Click + Add New Content under the chapter you want to add a quiz to.
2. Select Quizzes.
3. Select the quiz want to add.
4. Click the Add & Close button.

The screenshot shows the 'History of Cinema' course page in the Kaltura Learning Center. The 'Quizzes' tab is selected, and a table of existing quizzes is displayed. A red arrow points to the '+ Add new quiz' button.

Reorder Course Content

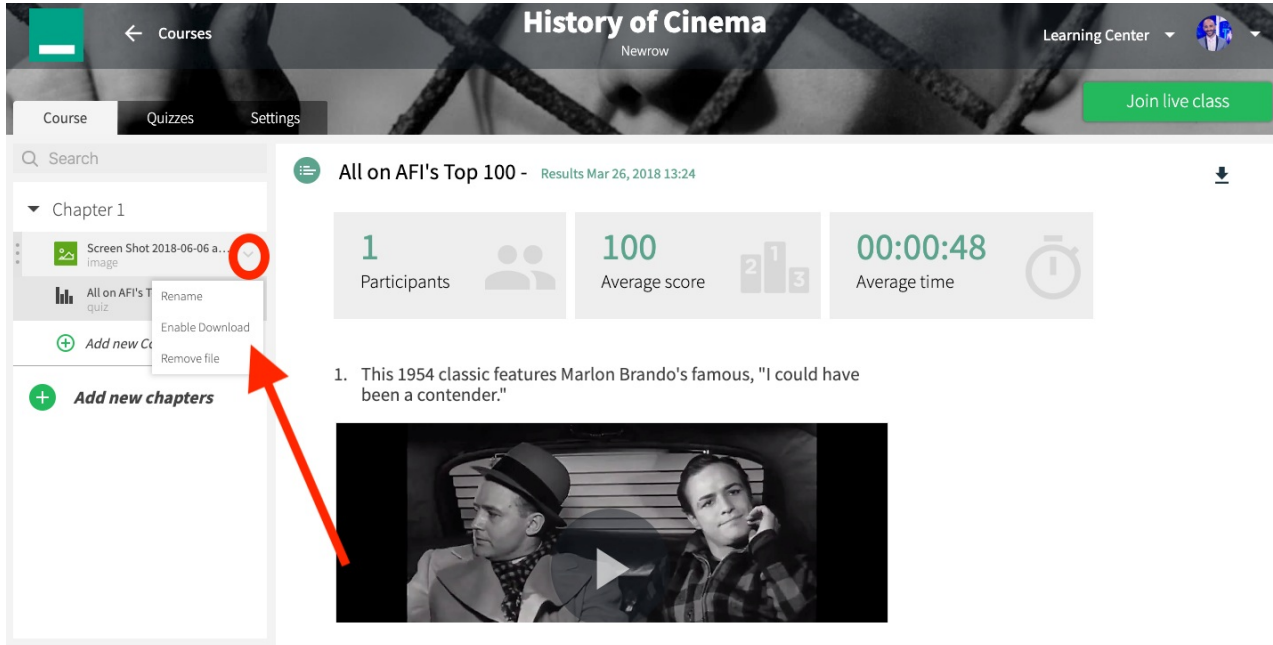

You can organize your course content by clicking and dragging course content to their desired position.

Enable Course Users To Download Course Content

By default, the files you add to the on-demand course are not downloadable.

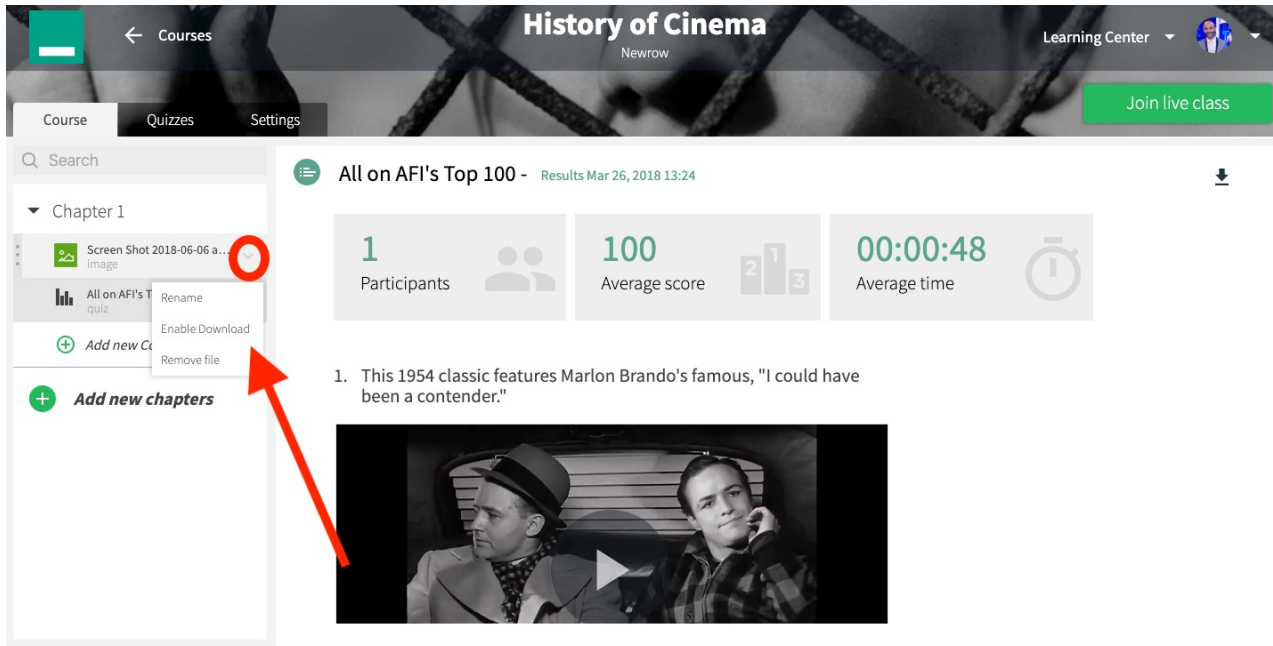

You can enable course users to download shared files.

1. Hover your cursor over the the file you want to enable users to download
2. Click the **v** that displays inline to display the file menu
3. Click **Enable Download** to enable course users to download the file. If you see **Disable Download**, then the file can already be downloaded.

Rename Chapters and Files

1. Hover your cursor over the chapter or file.
2. Click the **v** that displays inline on the right.
3. Select **Rename**.
4. Update the name in the rename pop-up.
5. Click **Save** to commit changes.

Remove Chapters

1. Hover your cursor over the chapter.
2. Click the **v** that displays inline on the right.
3. Select **Remove chapter**.
4. Click **Delete** in the confirmation pop-up.

Removing chapters deletes the chapter and shortcuts to the shared files. The files are not deleted. Their shortcuts are.

Remove Files

1. Hover your cursor over the file.
2. Click the **v** that displays inline on the right.
3. Select **Remove file**.
4. Click **Remove**.

Removing shared files from the chapter does not delete the file from course files.
