

## Download Your Uploaded Files

Last Modified on 10/12/2020 5:43 pm IDT

You can download original copies of files uploaded to your course.

### Download Files from the CMS

As an instructor or admin, you can download original copies of the files you upload from *Files* in the CMS.

1. Click **Files** in the upper bar of the course directory.
2. Navigate the file directory to the file you want to download.
3. Select the file.
4. Click the **Download** button that displays when the file is selected

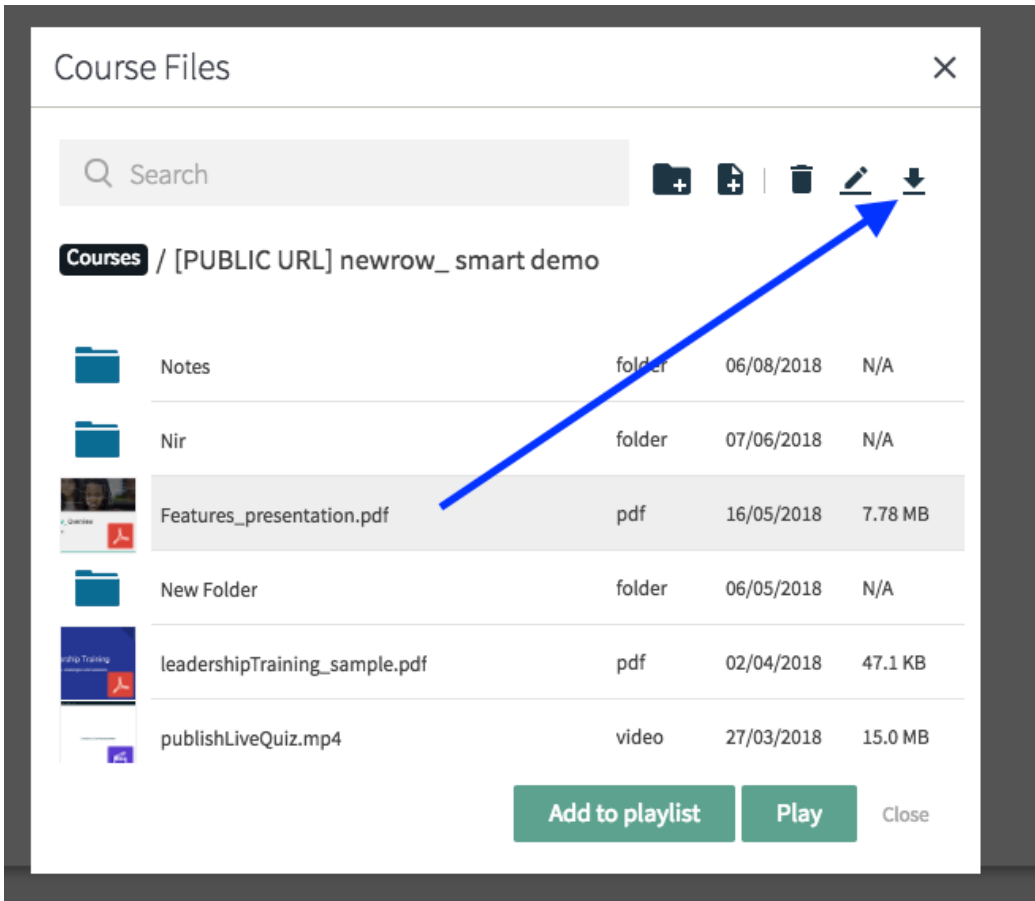

File Name	Type	Created	Size
Notes	folder	06/09/2018	N/A
Nir	folder	07/06/2018	N/A
Features_presentation.pdf	pdf	16/05/2018	7.78 MB
New Folder	folder	06/05/2018	N/A

### Download Files from the Virtual Classroom

As an instructor, admin or designated moderator, you can download original copies of the files uploaded to the course.

1. Click **Files** in the upper bar of the virtual classroom.
2. Select the file you want to download.
3. Click the **Download** button that displays when the file is selected.

 Select multiple files with "CTRL + Click" (PC) or "COMMAND + Click" (Mac) then select Download to download multiple files at once.
