

Manage Your Device Settings

Last Modified on 12/05/2024 9:02 am IST

Set the webcam, microphone and speakers you want to use in your live room session.

Manage Your Media Device Settings

1. Click **Settings** ⚙️ in the upper bar of the live room.
2. Select the drop down menus corresponding to *Select Webcam*, *Select Microphone*, and *Select Audio Output*.
3. Select the device you want to use.
4. Toggle on *Blur background* to blur your background.

💡 The Blur option is available on Edge, Chrome, and Firefox browsers for devices meeting the following requirements:

Windows: Desktop or laptop with a 4-core processor and at least 4GB of RAM, or a Surface Pro 2 or 3.

Mac: Device with a 4-core processor or M-series chipset and at least 4GB of RAM.

☐ *Select Audio Output* is only available on a Chrome browser.
