

# What user details are stored in Kaltura?

Last Modified on 03/20/2020 3:16 pm IST

The user's identifier, Application Role, and first and last names (optional but recommended) must be stored in Kaltura. After the user logs into MediaSpace for the first time, administrators can view and manage the user record on the User Management panel of the Kaltura MediaSpace Administration Area. The user's organizational password is not saved in Kaltura.
