Where are the poll questions stored?

Last Modified on 03/19/2020 10:04 pm IST

Polls questions can be found in the webcasting app itself by clicking on the Settings icon. For more information, see Kaltura Webcasting Polls. Note that the poll questions are available during and after the webcast event and as long the event was not archived.

For more information about Archiving Webcasting Events, see Managing VOD Creation for Webcasting Events.
