

Is Kaltura's Virtual Classroom Localized?

Last Modified on 03/29/2023 4:35 pm IDT

Localization is supported on both iOS and Android.

Kaltura's Virtual Classroom is available in multiple languages. Changing your language will only affect your user interface, and only for that current session. It will not affect others on your instance.

The following languages are supported:

- Arabic
- German
- English
- Spanish
- French (Canadian)
- French (France)
- Hebrew
- Italian
- Japanese
- Korean
- Dutch
- Polish
- Portuguese (Brazil)
- Romanian
- Russian
- Swedish
- Chinese (Simplified)
- Chinese (Traditional)

To change languages, see [Change Language Settings - Kaltura Meetings](#).
