

Can an Instructor Enter a Breakout Room Ahead of Students and Prepare Work for Them?

Last Modified on 10/13/2020 8:56 pm IDT

Yes. Use the following steps to prepare work for students ahead of them entering breakout rooms.

1. Start breakout rooms before students log in to the rooms.
 2. Enter each room and load content.
 3. Return to the Breakout Manager and place the students in the breakout rooms.
