

# Refresh My Media in legacy Video Portal

Last Modified on 06/04/2026 9:15 am IDT

 This article is designated for all users.

## About

Due to caching, a media entry can appear in search results but not yet display in **My Media**. The refresh option updates your media library and shows the most recently added entries.

## Refresh your media library

In the upper right corner of the **My Media** page, click the **refresh icon**.

The screenshot displays the Kaltura user interface. At the top, there is a navigation bar with links for 'RESOURCES', 'ALL CHANNELS', 'FAQS', and 'HELP PAGE'. Below this is a secondary navigation bar with 'Home', 'Gallery 2: Sales & Marketing', 'Gallery 3: Training & Learning', 'Test Gallery', and 'My new channel'. The main content area is titled 'My Media' and features a search bar, filter options, and a list of media entries. A red arrow points to a refresh icon (a circular arrow) located in the top right corner of the 'My Media' section. The media list includes a 'Draft entry - test' with a 'Private' status and a video recording titled 'Rec- Mar 31, 2026 1:59 PM - Kaltura Room.mp4'.

Your media library updates and displays the latest media entries.
