Yes. You can save the Kaltura Capture recordings locally on your computer. You may find the recordings in the following default locations:

- **Windows**

C:\Users\<<YOUR_USER_NAME>\AppData\Local\Kaltura\Capture\Recordings

- **Mac**

/Users/<YOUR_USER_NAME>/Library/Preferences/Kaltura/Capture/recordings

As of version 4.2.141 you can see the recording folder location under the setting menu.
