About

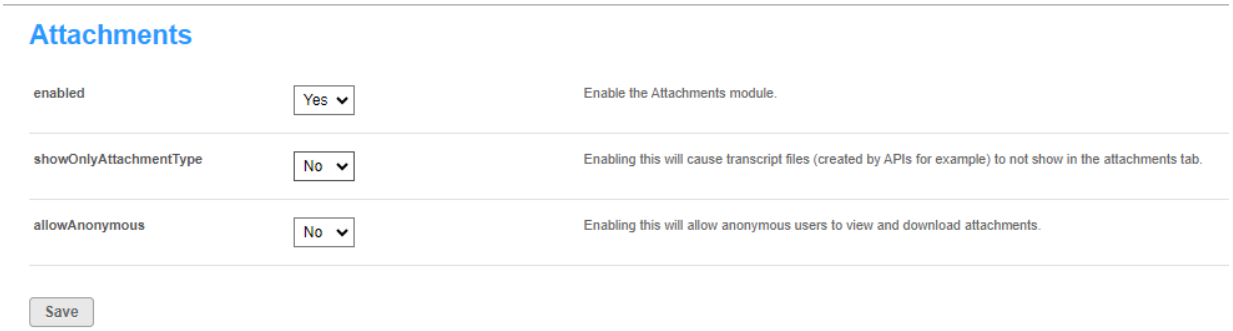

The **Attachments module** lets media owners easily attach any type of file to their media. This gives viewers the freedom to download these files before, during, or after watching, making their experience seamless and flexible.

Configure

1. Go to your Configuration Management console, and navigate to the **Attachments** module. You can also navigate directly: https://{your_KMS_URL}/admin/config/tab/attachments.

The Attachments page displays.

2. Configure the following:

enabled - Set to 'Yes' to enable the module.

showOnlyAttachmentType - Enabling this option will hide translation files from the attachments tab.
